Dear Parent:

Welcome to the Cabot School District. The 2020-2021 Student Handbook information is provided as required by the State of Arkansas. The handbook contains general information, rules, regulations and policies of the school district.

I trust that you will find this year to be as rewarding and enriching as ever. There is no doubt that we have the most dedicated faculty, the most committed staff, the most supportive parents, and the most promising students. Our efforts together will ensure that this perfect formula for success is maximized, providing every student the opportunity to excel.

It is imperative that you communicate with us when you have a question or concern. Please make sure that you have contact information for your child’s teacher(s) and building administrators. If you need assistance from central administrative staff, but are not sure who to contact, please email or call Mrs. Karen Davis at karen.davis@cps.k12.ar.us or (501) 843-3363. If you would like to contact me directly, you may do so by sending an email to tony.thurman@cps.k12.ar.us.

We also have a communication tool that enables us to better connect with you. It’s our official Cabot Public Schools mobile app. The app gives you direct and immediate access to school news, notifications, student information, lunch menus, school calendars, transportation and much more! All this information is available in one place and right at your fingertips. It’s also free and is available right now in the App Store for iPhones and on Google Play for Android users.

If you’re not able to download the app, don’t worry. We’ll still continue distributing all of our information just like we have before through social media, phone calls, texts, emails, website, school announcements, and newsletters.

We pledge to do everything we can to ensure that your child has a positive school year.

Sincerely,

Dr. Tony Thurman
Superintendent of Schools

SECTION 1 - GENERAL INFORMATION

WELCOME
A very cordial welcome is extended to each of you attending Cabot Schools. You are beginning a new phase of your life -- a very important one -- that carries with it many opportunities and responsibilities. As you attend Cabot Schools, you will receive training which is designed to prepare you to take your place in the adult world.

MISSION
Preparing our students for tomorrow’s opportunities: every child, every classroom, every day.

ALMA MATER
Hail to thee, dear Cabot High School,
   In thee do we trust.
Thou are great, and in thy wisdom,
   We have found thee just.
Lingering in our fondest memories,
   Thou shall blaze our trail,
We will always praise thy honor,
   Hail to Thee! All Hail!

PLEDGE OF ALLEGIANCE (4.46)
The Pledge of Allegiance shall be recited during the first class period of each school day. Those students choosing to participate shall do so by facing the flag with their right hands over their hearts, or in an appropriate salute if in uniform, while reciting the Pledge. Students choosing not to participate shall be quiet while either standing or sitting at their desks. Students shall not be compelled to recite the Pledge, but students who choose not to recite the Pledge shall not disrupt those students choosing to recite the Pledge. Students choosing not to recite the Pledge shall not be subject to any comments, retaliation, or disciplinary action.

STUDENT HANDBOOK (4.42)
It shall be the policy of the Cabot School District that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided that parent(s) of the student, or the student, if 18 years of age or older, have acknowledged receipt of the controlling language.

Principals shall review all changes to the student policies and ensure that such changes are provided to the students and parents, either in the Handbook or, if changes are made after the handbook is printed, as an addendum to the handbook.
Principals and counselors shall review policies 4.45 (SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2012-13) and 4.45.1 (SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS) and the current Division of Elementary and Secondary Education (DESE) Standards for Accreditation Rules to ensure that there is no conflict. If a conflict exists, the Principal and/or Counselor shall notify the Superintendent and Curriculum Coordinator immediately, so that correction may be made and notice of the requirements given to students and parents.

EMERGENCY INFORMATION
The emergency information that parents/guardians are requested to provide each year is critically important in the case of emergencies. Student safety and wellbeing often hinge on the accuracy of the information on this form. During emergency situations, precious moments are lost when information is not accurate and up-to-date. NOTIFY THE SCHOOL immediately when telephone numbers, addresses, place of employment or any other essential emergency contact information changes.

FAMILY AND COMMUNITY ENGAGEMENT (FACE)
The Cabot School District Family and Community Engagement (FACE) plan is a comprehensive plan that will help develop a meaningful partnership that meets the needs of the families, school communities involved and incorporates ideas that benefit the involvement of the parents. The FACE plan goals are:

1. ENGAGE: The Cabot School District wants to hear from our families. Join us to plan to engage all parents.
2. BUILD: The Cabot School District wants to build staff skills to effectively assist families.
3. SUPPORT: The Cabot School District wants to support parents to help students succeed.
4. FUND: The Cabot School District wants parents to have a voice in how funds for parent engagement are used.
5. PARTNER: The Cabot School District wants to collaborate with families and the community to support students.

The full FACE plan can be found on our district website under the “Parent” tab.

STUDENT VISITORS (4:16)
Student visitors in the classroom can be disruptive to the educational process. Student visitation is strongly discouraged. Any visitation to the classroom shall be allowed only with the permission of the school principal.
CONTACT WITH STUDENTS WHILE AT SCHOOL (4:15)
Until further action of the Board, all visitors to Cabot Public Schools shall be required to wear a mask or face covering while present in any school building, facility or other area of a school campus.

Visitors to the school should use the designated visitor entrance to the school and report immediately to the school office to identify themselves and their business on campus. Visitor entrances are equipped with security measures which require office notification prior to entering the student areas. For safety and security, all visitors will register in the school office and obtain the appropriate identification badge. All persons on school grounds, in school buildings, or at school-sponsored events must identify themselves to school employees upon request. Building principals will develop specific guidelines regarding visitors to their campus. Law enforcement officers will assist when necessary to deal with unidentified persons on school grounds.

CONTACT BY PARENTS: Parents wishing to visit their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS: If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent’s custody of the student. It shall be the responsibility of the custodial parent to make any court ordered “no contact” or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES OR BY COURT ORDER: State law requires that the department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold” without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency, the principal or the principal’s designee shall make a good faith effort to notify the student’s parent, legal guardian, or other person having lawful control of the student, or person standing in loco parentis on student enrollment forms. The principal or the principal’s designee shall
not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, or other persons having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

CONTACT BY OTHER ADULTS: Correcting or questioning of a student by another student’s parent/guardian is never appropriate and will not be allowed. District administrators have authority to regulate parents’ visits to a school if this policy is violated.

CLASSROOM DISRUPTIONS
(Appointments, early check-outs, flowers, balloons, etc)

Cabot Schools place a high priority on classroom instruction time. Every effort is made to eliminate unnecessary and unscheduled disruptions. The following are some ways parents can help:

- Schedule appointments so students are not checked out of school or returned to school during a class;
- Do not check students out of school during the last fifteen (15) minutes of the day except in emergency situations or for medical appointments;
- Arrange transportation with your child before sending him/her to school. Calling the school office to have a message sent to your child is very disruptive. Should this be necessary, we ask that you do so before 2:45. Parents should notify their child’s teacher in writing if the child is being transported home in a way other than the usual way. If a daycare is involved, the parent should do the communicating with the daycare as well as the school. Parents must notify the school to change the transportation plan for elementary students; otherwise elementary students will go home according to the original plan.
- Refrain from sending flowers to school. If flowers are sent, the student will be notified but the flowers will be kept in the office until the end of the day, when the student may come by the office to pick them up. Flowers in glass vases will not be sent on the bus;
• Do not send Balloons; they will not be accepted for delivery to students.
• Elementary/Middle School students should refrain from bringing toys/games from home unless they are for a specified classroom activity.

NON-DISCRIMINATION AND SECTION 504
No student shall be discriminated against because of age, color, disability, parental status, marital status, race, national origin, religion, gender or veteran status.

It is the policy of the Cabot School District to provide a free appropriate public education to each qualified student with a disability within its jurisdiction, regardless of the nature or severity of the disability. It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Parents who have a temporary or permanent disability may request the district to provide appropriate accommodations necessary for them to participate in essential instructional activities of their students. Students who are at least eighteen (18) years of age may submit their own requests.

Under Section 504, due process rights of qualified students with disabilities and their parents are guaranteed in the Cabot School District. The Director of Special Programs serves as the Coordinator of Section 504 and other equity issues for the Cabot School District and may be contacted at the district office, 602 North Lincoln Street, Cabot, Arkansas, 72023, or by phone at 501-843-3363, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. Each school has a 504 Team Chairperson who may be contacted at his/her respective buildings.

ANNUAL REQUIRED NOTIFICATION
This is to inform the parents, teachers, guardians and school employees that the Asbestos Hazard Emergency Response Act (AHERA) Inspection and Management Plan for the Cabot Public Schools is located in the Administrative office of each campus and can be reviewed during normal business hours.

TELEPHONE USE AND MESSAGES
Students may use the telephone in the school office with the principal’s permission only in case of emergency or for school business. Individuals will not be called from class to the telephone except in an emergency or for school business. The school secretary will take a message, to be delivered at a break, from a parent or guardian for any student.

Parents should not routinely phone the school with messages and directions about how their child should get home that day. Please arrange transportation with your children before sending them to school. When it is necessary to change transportation arrangements for your child, the parents/guardians should notify the teacher in writing about the change. If a phone call is necessary, please contact the school before 2:45.
PICTURE PUBLICATION
From time to time the school may wish to publish individual or group accomplishments on school or district web pages, social media, yearbooks, or other media outlets. In these circumstances, published images of a student or reference to his/her work may include the use of the student’s name. The student’s address and/or phone number will not be published on the internet or the school or district web pages at any time. Parents desiring that their child’s picture and/or name not be used on a website or web-based publications should notify their child’s principal using the form available in the school office.

The schools of the district shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty-one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the Cabot School District and to all persons between those ages who have been legally transferred to the Cabot School District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart
from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purpose.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the district’s schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the district for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a district school and who has had a change in placement to a residence outside the district may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. §6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child’s parents or legal guardian agrees with placement in the first grade; otherwise, the child shall be placed in kindergarten.
Any child may enter first grade in one of Cabot’s elementary schools if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Home-schooled students shall be evaluated by the district to determine their appropriate grade placement.

Any student 18 years or older enrolling in the Cabot School District may be required to attend one of the district’s Academic Center of Excellence programs.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment. Anyone questioning a person’s legal status will be referred to legal authorities.

Prior to the child’s admission to a Cabot School District school:

The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall furnish the child’s social security number, or if they request, the district will assign the child a nine (9) digit number designated by the Division of Elementary and Secondary Education.
2. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall provide the district with one (1) of the following documents indicating the child’s age:

Any person who has been expelled from any other school district shall
receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person’s expulsion has expired following the hearing before the Board.

4. The child shall be age appropriately immunized from poliomyelitis, diphtheria, tetanus, pertussis, red (rubeola) measles, rubella, and other diseases as designated by the State Board of Health, or have an exemption issued by the Arkansas Department of Health. Proof of immunization shall be by a certificate of a licensed physician or a public health department acknowledging the immunization. Exemptions are also possible on an annual basis for religious reasons from the Arkansas Department of Health. To continue such exemptions, they must be renewed at the beginning of each school year. A child enrolling in a district school and living in the household of a person on active military duty has 30 days to receive his/her initial required immunizations and 12 months to be up to date on the required immunizations for the student’s age.

COMPULSORY ATTENDANCE REQUIREMENTS (4.3)
Every parent, legal guardian, person having lawful control, or person standing in loco parentis of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy (RESIDENCE REQUIREMENTS), within a district shall enroll and send the child to a district school with the following exceptions:
1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of the policy (4:5 HOME SCHOOLING) have been met.
3. The child will not be age six (6) on or before the minimum age date (see Entrance Requirements) of that particular school year and the parent, legal guardian, person having lawful control, or person standing in loco parentis of the child elects not to have him/her attend kindergarten. 5. Any child age sixteen (16) or above whom is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.
6. Any child age sixteen (16) or seventeen (17) who has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).

ATTENDANCE REQUIREMENTS FOR STUDENTS IN GRADES 9 – 12
Students in grades nine through twelve (9-12) are required to schedule and attend at least 350 minutes of regularly scheduled class time daily. Part of this requirement may be met by students taking post-secondary courses. Eligible students’ enrollment and attendance at a post-secondary institution shall count toward the required weekly time of school attendance. Each credit hour shall count as three (3) hours of attendance time. This means a three (3) hour course shall count as nine (9) hours of the weekly required time of
attendance. Students in grade twelve must be enrolled in the number of credit-bearing courses necessary to complete all graduation requirements. They may enroll in up to three periods of “Independent Studies”, but must be enrolled in four academic classes.

**Study Halls**
Students may be assigned to no more than one (1) class period each day for a study hall that the student shall be required to attend and participate in for the full period. Such study halls are to be used for the purposes of self-study or for organized tutoring which is to take place in the school building.

**Extracurricular Classes**
Students may be assigned to no more than one (1) class period each day for organized and scheduled student extracurricular classes that the student shall be required to attend and participate in for the full class period. Extracurricular classes related to a seasonal activity shall meet for an entire semester whether or not the season ends prior to the end of the semester. Students must attend and participate in the class for the entire semester in order to receive credit for the course. For the purpose of this policy, extracurricular classes is defined as school sponsored activities which are not a Division of Elementary and Secondary Education approved course counting toward graduation requirements or classes that have not been approved by the Division of Elementary and Secondary Education for academic credit. Such classes may include special interest, fine arts, technical, scholastic, intramural, and interscholastic opportunities.

**Course Enrollment Outside of District**
Enrollment and attendance in vocational-educational training courses, college courses, school work programs, and other department-sanctioned educational programs may be used to satisfy the student attendance requirement even if the programs are not located at the public schools. Attendance in such alternative programs must be pre-approved by the school’s administration. The district shall strive to assign students who have been dropped from a course of study or removed from a school work program job during the semester into another placement or course of study. In the instances where a subsequent placement is unable to be made, the district may grant a waiver for the student for the duration of the semester in which the placement is unable to be made.

In rare instances, students may be granted waivers from the mandatory attendance requirement if they would experience proven financial hardships if required to attend a full day of school. For the purpose of this policy, proven financial hardships is defined as harm or suffering caused by a student's inability to obtain or provide basic life necessities of food, clothing, and shelter for the student or the student's family. The superintendent shall have the authority to grant such a waiver, on a case-by-case basis, only when convinced the student meets the definition of proven financial hardships.
In any instance where a provision of a student’s Individual Education Plan (IEP) conflicts with a portion(s) of this policy, the IEP shall prevail.

**ENROLLMENT FROM HOME SCHOOL OR NON-ACCREDITED SCHOOL**
A student enrolling from home school or from a non-accredited school will be assessed by the school to determine the appropriate grade and/or class placement for the student.

**HOMELESS STUDENTS (4.40)**
The Cabot School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. For more information about available services, parents/guardians should contact the Director of Counseling or the Director of Student Services at 501-843-3363.

**STUDENT TRANSFERS (4.4)**
The Cabot School District shall review and accept or reject requests for transfers, both into and out of the district on a case by case basis at the July and December regularly scheduled board meetings. The District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education into the Cabot School District will be placed in the same grade the student would have been in had the student remained in the former school. District staff shall evaluate any student transferring from a school not accredited by the Division of Elementary and Secondary Education or from home school to determine the student’s appropriate grade placement.

Cabot School District students are assigned to a designated school by attendance zones. Students must attend the school in the zone where they reside, with the following exceptions: (a) Early Enrollment – with documentation establishing that a student will be changing residency, from one attendance zone to another within forty-five (45) days of the request, the district will allow early enrollment in the receiving attendance zone; and (b) Residency Zone Changes – parents/guardians may request that their child continue to attend the school in which they are currently enrolled until the end of the current school year when a change of residence causes a change in the student’s attendance zone.

The Cabot School Board of Directors reserves the right, after a hearing before the board, not to allow any person who has been expelled from another district to enroll as a student until the time of the person’s expulsion has expired.
Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to the Cabot School District shall be borne by the student or the student’s parents. The district may enter into a written agreement with the student or student’s parents to provide transportation to or from the district or both.

**SCHOOL CHOICE (4:5) Standard School Choice**

Districts shall be exempt from participation in the Public School Choice Act of 2015 and the Arkansas Opportunity Public School Choice Act of 2004 if the following criteria are met: The District is under an enforceable desegregation court order/court-approved desegregation plan that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption. The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.

The Superintendent will consider all applications for School Choice postmarked no later than May 1, proceeding the fall semester the applicant would begin school in the District. The superintendent shall notify the parent or guardian and the student’s resident district, in writing, of the decision to accept or reject the application by July 1 of the school year in which the student seeks to enroll.

The District shall advertise over broadcast media and either in print media or on the internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedure for participation in the program.

The District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms; exceed the capacity of a program, class, grade level, or school building; or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation. Letters of rejection shall state the reason(s) for the rejection.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling’s application is considered by the District. A sibling who enrolls in the District through Standard School Choice is eligible to remain in the District until completing his/her secondary education.
The Board of Directors reserves the right, after a hearing before the board, not to allow any person who is currently under expulsion from another district to enroll in a District school.

Students admitted under this policy shall be entitled to continued enrollment until they graduate or are no longer eligible for enrollment in the District’s schools. Any student admitted to this district under the provisions of this policy who chooses to return to his/her resident district during the school year voids the transfer and must reapply for a school choice admission if desiring to return to this district in the future.

**STUDENTS WHO ARE FOSTER CHILDREN (4.52)**

The district will afford the same services and educational opportunities to foster children that are afforded other children and youth. The district shall work with the Department of Human Services (“DHS”), the DESE, and individuals involved with each foster child to ensure that he/she is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The district, working with other individuals and agencies shall, unless the presiding court rules otherwise, ensure that the foster child remains in his/her current school, even if a change in the foster child’s placement results in a residency that is outside the district. In such a situation, the District will work to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the district’s foster care liaison by a foster child’s caseworker that a foster child’s school enrollment is being changed to one of the district’s schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child’s grades shall not be lowered due to absence from school that is caused by a change in the child’s school enrollment, the child’s attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a district school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the district shall issue the child a diploma.
PLACEMENT OF MULTIPLE BIRTH SIBLINGS (4.53)
The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling’s grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
- After consulting with each classroom teacher in which the siblings were placed, the school determines the parent’s classroom placement request is:
  - Detrimental to the educational achievement of one or more of the siblings;
  - Disruptive to the siblings’ assigned classroom learning environment; or
  - Disruptive to the school’s educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings’ classroom placement to the Superintendent. The Superintendent’s decision regarding the appeal shall be final.

HOME SCHOOLING (4.6)
Parents or legal guardians desiring to provide a home school for their children must give written notice to the Superintendent of their intent to do so and sign a waiver acknowledging that the State of Arkansas is not liable for the education of their children during the time the parents choose to home school. Notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. By December 15 for parents who decide to start home schooling at the beginning of the spring semester; or
3. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive unexcused absences) and at the beginning of each school year thereafter.

The parents or legal guardians shall deliver written notice to the Superintendent the first time such notice is given and the notice must include:
1. The name, date of birth, grade level, and the name and address of the school last attended, if any; and
2. The location of the home school.

To aid the district in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians homeschooling their children shall provide information, which might indicate the need for special education services.

Students who reside within the Cabot School District boundary enrolled in home school or private school may enroll in academic courses, providing the enrollment does not create a financial loss for the district. (Act 430 of 2019).

**ABSENCES (4.7)**

Education is more than the grades students receive in their courses. Important as that is, students’ regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction, which results in higher student achievement. In recognition of the need for students to regularly attend school, the district’s policy governing student absences is as follows:

Students shall not be absent, as defined in this policy more than seven (7) days in a semester. When a student has four (4) absences, his/her parent, guardian, or person in loco parentis shall be notified that the student has missed half the allowable days for the semester. Prompt notification shall be by telephone or by regular mail. Any student arriving after 8:45 until 11:45 would be marked as a half day morning absence. Any student leaving after 11:45 and before 2:45 would be marked as a half day afternoon absence.

The District shall notify the prosecuting authority along with the parent, guardian, or person in loco parentis when a student accumulates eight (8) unexcused absences in the course of a semester. Additionally, the student shall not receive credit for the course. If the student fails to receive credit for a sufficient number of courses and at the discretion of the principal after consultation with persons having knowledge of the circumstances of the absences, the student may be denied promotion or graduation. Unexcused absences, however, shall not be a reason for expulsion or dismissal of a student.

It is the Arkansas General Assembly’s intention that students having excessive absences due to illness, accident, or other unavoidable reason be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of allowable absences (unless unable to do so due to unforeseen circumstances), the student, or his/her parent, guardian, or person in loco parentis may petition the school or district’s administration for special arrangements to address the student’s absences. If formal arrangements are granted, they shall be formalized into a **written agreement** which will
include the conditions of the agreement and the consequences for failing to fulfill the agreement’s requirements. The agreement shall be signed by the student, the student’s parent, guardian, or person in loco parentis, and the school or district administrator or designee. Unless a student’s excessive absence is due to an unforeseen circumstance, the District may accept a doctor’s note for a student’s excessive absence. Exception may also be made to satisfy Individual Education Plans or 504 Plans.

Days missed due to in-school or out-of-school suspension shall not count toward the allowable number of days absent.

**Excused Absences**
Absences that are not charged against the allowable number of absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement upon his/her return to school from the parent, guardian, person in loco parentis, or appropriate government agency stating such reason:

1. To participate in an FFA, FHA, or 4-H sanctioned activity;
2. To participate in the election poll workers program for high school students;
3. To serve as a page for a member of the General Assembly;
4. To visit his/her parent or legal guardian who is a member of the military and has been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting;
5. In order to complete Arkansas National Guard Basic Training between grades eleven (11) and twelve (12).
6. For purposes pre-approved by the school administration such as visiting prospective colleges, to obey a subpoena, or to attend an appointment with a government agency;
7. Due to a student having been sent home from school due to illness;
8. Doctor’s visit with doctor’s note.

**Unexcused Absences**
Any absence from school for any reason other than those listed in items 1 – 8 above in the Excused Absence section shall be an unexcused absence.

Missing school for any reason listed above may impact a student’s semester test exemption status. Refer to the section on semester test exemptions for additional information.

The district shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student’s operator’s license unless he/she meets certain requirements specified in the code.
MAKE UP WORK (4.8)
Students who miss school due to an absence shall be allowed to make up the work they missed during their absence under the following rules.
1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.
2. Teachers are responsible for providing the missed assignments when asked by a returning student.
3. Students are required to ask for their assignments on their first day back at school or their first class day after their return; elementary and middle school teachers will take more responsibility and have more flexibility in helping student make up work.
4. Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make up their work for each class day they are absent.
6. In grades 7-12 make-up work which is not turned in within the make-up schedule for that assignment may receive a zero or a reduced score.
7. Students are responsible for turning in their make-up work without the teacher having to ask for it.
8. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
9. As required/permited by the student’s Individual Education Program or 504 Plan.

Work may not be made up for credit for absences in excess of the number of allowable absences in a semester unless the absences are part of a signed agreement as permitted by policy (Absences 4:7)

STUDENT DISCIPLINE (4.17)
The Cabot Board of Education has a responsibility to protect the health, safety, and welfare of the district’s students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior and promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:
- At any time on the school grounds
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

The district’s administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include
but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the district shall be in accordance with the student’s appropriate due process rights.

The school district’s administration and a handbook review committee will review the student policies annually. Parents, teachers or students who would like to recommend student policy revisions should submit their request in writing to the Assistant Superintendent by April 1 of each school year to be considered for the following school year. The School Board shall approve any changes to student discipline policies.

The district’s student discipline policies shall be posted on the district website. Printed copies shall be distributed to each parent/student who requests one during the first week of school each year and to new students upon their enrollment. Each student and his/her parent or legal guardian shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The district shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the district’s student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Cabot School Board on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

SURVEILLANCE AND OTHER STUDENT MONITORING (4.48)
The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the Board authorizes the use of digital surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.
The placement of surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as restrooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain recordings until they are erased/deleted. Other than recordings being retained under the provisions of this policy’s following paragraph, the district’s recordings may be erased any time greater than 2 days after they were created.

Recordings, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

CONSEQUENCES
The Cabot School District uses a variety of consequences to address inappropriate student behavior. The range of consequences is as follows:

- Minimum – Conference with the Student
- Maximum – Expulsion from School

SUSPENSION FROM SCHOOL (4.32)
Students cannot benefit from the educational opportunities the school environment affords when they are not in school. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The
suspension may be in school or out of school. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school-sponsored function, activity, or event; going to and from school or a school activity. A student may be suspended for behavior including, but not limited to that which:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

The school principal or designee shall proceed as follows in deciding whether to suspend a student:

1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts;
3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student’s re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis or mailed to the last address reflected in the records of the school district. Generally, notice and hearing should precede the student’s removal from school, but if prior notice and hearing are not feasible, as where the student’s presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as possible.

It is the responsibility of a student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number (contact may be by voice, voice mail or text message);
- An email address;
- A first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis’.

During the period of suspension, students shall not be permitted on any school campus except to attend a student/parent/administrator conference arranged in advance with the principal.
Students assigned to in-school suspension may participate in school sponsored activities as approved by the principal.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent or his/her designee, but not to the Board. Suspension appeals to the Superintendent/designee must be submitted in writing to the Principal. Information included in the appeal must list the reason(s) for the appeal, along with the actions taken by the appellant to remedy the situation prior to the appeal. Each of the organizational levels within the district must be addressed in the appeal.

Suspension initiated by the Superintendent may be appealed to the Board. Suspension appeals to the school board must be submitted in writing to the Superintendent. Information included in the appeal must list the reason(s) for the appeal, along with the actions taken by the appellant to remedy the situation prior to the appeal. Each of the organizational levels within the district must be addressed in the appeal.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- Poses a physical risk to himself or herself or to others;
- Causes a serious disruption that cannot be addressed through other means; or
- Is the act of bringing a firearm on the school campus.

**EXPULSION (4.33)**
The Board of Education may expel a student for a period longer than ten (10) school days for violation of the district’s written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student’s continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- Poses a physical risk to himself or herself or to others;
- Causes a serious disruption that cannot be addressed through other means; or
- Is the act of bringing a firearm on the school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the district’s records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state
the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted within ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the District administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student age 18 or older, requests that the hearing be conducted in executive session. After all the facts have been presented, the school board members may enter into executive session to discuss the case. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted. However, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by the weapons policy, the Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians persons having lawful control of a student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student’s period of expulsion. The District’s program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result
in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

If all graduation requirements are met, expelled students may apply to walk at graduation in the Superintendent’s office. Students who were on a level II placement at ALE before expulsion or expelled because of threats of violence or physical altercations are not eligible to apply to walk at graduation, even if all other requirements have been met.

**DISCIPLINE FOR STUDENTS WITH DISABILITIES**

Students with disabilities who engage in misbehavior are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to free and appropriate public education.

The individualized education program (IEP) team for a student with disabilities should consider whether particular discipline procedures should be adopted for a student and include those procedures in the IEP.

The building principal shall deal with any grievance relating to students with disabilities. All actions and procedures shall be in accordance with the Individuals With Disabilities Education Act (IDEA), as revised in 1997 and Act 102 of 1973.

**TARDINESS AND EARLY CHECKOUT (4.9)**

Promptness is an important character trait that district staff are encouraged to model and help develop in our schools’ students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement. The secondary schools will be consistent on discipline and tardiness as well as making sure that the information is sent to parents and students at the beginning of the school year.

Elementary and Middle School students must be escorted to the office by the parent/guardian for sign-in. When faced with issues of repeated tardiness or early check-outs, school administrators shall keep cumulative totals each semester of the amount of school missed.

**CLOSED CAMPUS (4.10)**

All schools in the district shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of their regular school day unless given permission to leave the campus by a school official. Students shall follow procedures established by the building principal for signing out to leave campus.

**EQUAL EDUCATION OPPORTUNITY (4.11)**

No student in the Cabot School District shall, on the grounds of race, color, religion, national origin, gender, age, or disability, or veteran status be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the district. Issues, actions or procedures that may be considered
discriminatory should be appealed to the Director of Student Services at the District Administration Building located at 602 North Lincoln Street, Cabot, or by telephone at 501-843-3363.

**STUDENT ORGANIZATIONS / EQUAL ACCESS (4.12)**
Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria:
1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during non-instructional time;
4. Employees or agents of the school are present at religious meetings only in a non-participatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Non-school persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. Employees serving as club sponsors must be employed and housed in the same building as the club. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary. Fraternities, sororities, and secret societies are forbidden in the district’s schools. Membership to student organizations shall not be by a vote of the organization’s members, nor be restricted by the student’s race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sports program.

**DISTRICT PUBLICATIONS AND DISTRIBUTION OF LITERATURE**
From time to time the school may wish to publish individual student work or class projects on the school or district web pages, social media, or other media outlets. The student’s address and/or phone number will not be published on the Internet or the school or district web pages at any time without written consent from the parents or student if the student is eighteen years of age or older. **Parents desiring that their child’s picture and/or name not be used on a website or other publications should notify their child’s principal in writing with an email or by completing the applicable form available in the office.**

**STUDENT PUBLICATIONS AND THE DISTRIBUTION OF LITERATURE (4.14)**
Student Publications
All publications that are supported financially by the school or by use of school facilities, or are produced in conjunction with a class shall be considered school-sponsored publications. School publications do not provide a forum for public expression. Such publications, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial control of the District’s administration whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations:

1. Advertising may be accepted for publications that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.

2. Publications (paper or electronic) may be regulated to prohibit writings which are, in the opinion of the appropriate teacher and/or administrator, ungrammatical, poorly written, inadequately researched, biased or prejudiced, vulgar or profane, or unsuitable for immature audiences.

3. Publications may be regulated to refuse to publish material which might reasonably be perceived to advocate drug or alcohol use, irresponsible sex, or conduct otherwise inconsistent with the shared values of a civilized social order, or to associate the school with any position other than neutrality on matters of political controversy.

4. Prohibited publications include:
   a. Those that are obscene as to minors;
   b. Those that are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, which are made with knowledge of their falsity or reckless disregard of the truth;
   c. Those that constitute an unwarranted invasion of privacy as defined by state law;
   d. Publications that suggest or urge the commission of unlawful acts on the school premises;
   e. Publications which suggest or urge the violation of lawful school regulations; or
   f. Hate literature that scurrilously attacks ethnic, religious, or racial groups.

**Student Publications on School Web Pages**

Student publications that are displayed on school web pages shall follow the same guidelines as listed above plus they shall:

a. Not contain any non-educational advertisements;

b. Adhere to the restrictions regarding use of Directory Information as prescribed in policy, including not using a student’s photograph when associated with the student’s name unless written permission has been received from the student’s parent or student if over the age of eighteen (18); and

c. State that the views expressed are not necessarily those of the School Board or the employees of the district.

**Student Distribution of Non-school Literature, Publications, and Materials**

A student or group of students who distribute ten (10) or fewer copies of the same non-school literature, publications, or materials (hereinafter “non-school materials”), shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly
education environment. A student or group of students wishing to distribute more than ten (10) copies of non-school materials shall have school authorities review their non-school materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the non-school materials, prior to their distribution and will bar from distribution those non-school materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the Superintendent or Assistant Superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of literature non-school materials. The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of non-school materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur;
5. Not inhibit a person’s right to accept or reject any literature distributed in accordance with the regulations; and
6. Students shall be responsible for the removal of excess literature that is left at the distribution point for more than three (3) days.

**FREEDOM OF SPEECH AND ASSEMBLY**

Students are entitled to expression of personal opinions as long as the rights of others are not violated and provided that the expression does not cause disruption of the educational process. Obscenities are prohibited.

Students may assemble peaceably. To avoid disruption of the educational process, all student meetings must function as a part of the educational process or as authorized by the principal. Meetings that interfere with the operation of the school are prohibited.

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school’s orderly educational environment shall not be tolerated at any time on school grounds.
STUDENT DRESS AND GROOMING (4:25)
The Cabot School Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the district has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary or unsafe, could cause property damage, or are offensive to common standards of decency.

Student are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, midriff, back, buttocks, or the breasts. This prohibition does not apply, however, uniforms worn by a student while participating in a school-sponsored activity or event, which will be regulated by the coach or sponsor of the activity.

The following guidelines outline appropriate dress in Cabot’s schools:

- Pajamas and house shoes;
- Costumes
- Other styles, hair, contacts or clothing that may disrupt school.

The principal and sponsors shall have the authority and responsibility to regulate hair and dress codes for groups and organizations that represent Cabot Public School in
extracurricular activities. Students engaged in extracurricular activities shall be subject to the regular dress code except while participating in physical education classes, pep rallies, dance team or cheerleader practice sessions, sports events or other special activities as designated by the principal.

Administrators have the authority to regulate the clothing regulations because of inclement weather.

**STUDENT DRESS AND GROOMING – FACE MASKS AND COVERINGS (4.25.A)**

The Board of Directors is mindful of the evolving need for emergency measures to respond to the COVID-19 pandemic. In consideration of the recommendations issued by the Centers for Disease Control and Prevention, the Arkansas Department of Health, and the Arkansas Division of Elementary and Secondary Education, the Board is adopting this emergency policy for all students, employees and visitors of Cabot Public Schools.

Until further action of the Board, all students in kindergarten through the 12th grade shall be required to wear a mask or face covering (a) while attending school or a school function in any school building, facility or other area of a school campus, and (b) when riding in school-provided transportation. All masks and face coverings must cover the nose and mouth of the student. This policy applies to students waiting outside school buildings before and after school, and to students waiting at bus stops. Students shall wear masks and face coverings at all times except for the following:

- Students may remove masks and face coverings for eating or drinking;
- Students may remove masks and face coverings when appropriate social distancing measures are in place as determined by a teacher or school administrator;
- Students may be exempted from this policy by the school principal due to a documented medical condition of the student;
- Students may remove masks and face coverings on a case-by-case basis for specific instructional needs and other activities, as determined by a teacher, in which case the teacher will utilize appropriate social distancing measures; or
- Students may be exempted from this policy due to special behavioral or individualized needs as determined by the Director of Special Services or the Assistant Superintendent.

Students who refuse to wear a mask or face covering at school or at a school function under this policy shall be required to leave the school campus consistent with Board Policy 4.25 on student dress. Students who refuse to wear a mask or face covering on a school bus shall be subject to Board Policy 4.19 on student conduct while riding a bus.
STUDENT IDENTIFICATION (4.57)
All students, grades 7-12, will be issued picture identification cards. These identification cards must be in a student’s possession any time the student is on the school campus during regular school hours. If the identification card is lost, damaged or defaced (e.g. coloring, erasing, cutting, marking, covering with stickers, poking holes, etc.), the student will be responsible for the cost of the replacement card.

All persons on school grounds, in school buildings, or at school sponsored events must identify themselves to school employees upon request. A student who refuses to identify themselves will be suspended from school.

Students are not permitted to loiter in parking areas and are not to return to their vehicles during the school day for any reason unless given permission to do so by school personnel. Freshman must park in their assigned parking location.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by district policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle.

The vehicle of a student, who leaves campus and returns to campus during the school day, in violation of the high school & freshman academy policy, may be searched upon returning to the campus. Refusal to a search may result in disciplinary action up to and including and expulsion conference with the superintendent or designee.

PARKING AREAS AND AUTOMOBILES (HIGH SCHOOL & FRESHMAN ACADEMY)
Students have the privilege of driving cars to school as long as the following requirements are met:

• Arrive at school on time;
• Cars are not to be removed from the parking area at any time during the school hours without the permission of the principal;
• Have a valid driver’s license;
• Observe safe driving rules;
• Parental consent;
• Park in area assigned;

• School may tow vehicles at owner’s expense;
• Jr. High students cannot park vehicles on school property.

The violation of school driving and parking regulations will result in disciplinary action. Consequences: Minimum-Warning; Maximum- Loss of driving/parking privileges and/or legal referral

Assemblies of varying types are scheduled in Cabot Schools. Attendance at pay assemblies is voluntary, but all students are expected to attend all general assemblies. A fee may be assessed to the student for assemblies for which the school must pay.

Pep assemblies are occasionally held before athletic contests. These rallies are the responsibility of the cheerleaders and the student council. The athletic team and coaches will be present at pep assemblies.

Students are to sit in their assigned areas for all assemblies and to observe all school regulations.

Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school’s orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal’s designee a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher’s ability to teach the students, the class, or with the ability of the student’s classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration or school resource officer.

Students and staff require a safe and orderly learning environment that is conducive to high student achievement. Certain student behaviors are unacceptable in such an environment
and are hereby prohibited by the Board. Prohibited behaviors include, but shall not be limited to, the following:

POSSESSION AND USE OF CELL PHONES, AND OTHER ELECTRONIC DEVICES (4.47)
The school will not be responsible for loss, damage, or theft of any electronic device brought to school.
Use and misuse of cell phones has become a serious problem that threatens the ability of the district’s schools to properly and efficiently operate its education program. The School Board believes it is necessary to restrict student use and possession of cell phones, other electronic communication devices, cameras, MP 3 players, IPods, and other portable music devices so that the opportunity for learning in the district’s schools may be enhanced. At the same time, cell phones and other electronic communication devices can, in controlled situations, offer a means to enhance student learning through their ability to access expanded sources of information. Teachers have the authority to permit student use of their cell phones for specific classroom lesson plans or projects. Students must abide by the guidelines the teacher gives for any such authorization. Students who fail to do so will be subject to the provisions of this policy governing misuse of cell phones.

For the purpose of this policy, the use of a cell phone or other communication device includes any incoming call, text message, message waiting, or any audible sound coming from the phone or device.

The student and/or the student’s parents or guardians expressly assume any risk associated with students owning or possessing technology equipment.
**Elementary Schools & Middle Schools:** Students may bring cell phones, smart watches, and other electronic devices, but must leave them turned off (other than pre-approved medical exceptions) and put out of sight from the time the student arrives on campus until the student leaves campus.

**Junior High, Freshman Academy & High School:** Students may bring cell phones and other electronic devices to school. Use of these devices is permissible during non-instructional times as deemed appropriate by school administration. Use of cell phones during instructional time is forbidden except as allowed in this policy for instructional purposes. Otherwise, cell phones and other devices must be kept on silent and stored out of sight.

**All Schools:** The use of cell phones or other electronic devices to photograph or video other students or employees is forbidden and could result in consequences up to and including expulsion from school. The exception to this would be when photographs or videos are being made by students for instructional purposes by permission of and under the supervision of the student’s teacher.

Students violating this policy will be subject to having their device confiscated in addition to other consequences up to and including suspension or expulsion. Students who use school issued cell phones and/or computers for non-school purposes, except as permitted by this policy shall be subject to discipline, up to and including suspension or expulsion.

**Violation Consequences:** Minimum - Student Conference; Maximum – Expulsion

**FIGHTING, ASSAULT OR OTHER ACTS OF VIOLENCE**

**Fight** – physical combat between two or more students

**Assault** – a threat or attempt to inflict physical contact or bodily harm on another person

**Bullying** – behavior by a student or a group of students that is intended to harass, intimidate, ridicule, humiliate or instill fear in another student or public school employee by a written, verbal, electronic, or physical act that causes or creates a clear and present danger as defined in the bullying policy

**Act of Violence** – action whereby physical force is exerted so as to injure or abuse another person

**Vulgar** – offensive or profanely indecent

Ridicule – to deride or belittle another person through the use of scornful or contemptuous words or actions
Humiliate – to reduce to a lower position in one’s own eyes or the eyes of others
Instill Fear – making someone afraid or apprehensive
Initiate – to cause or begin

The Cabot School District is strongly opposed to bullying, fighting, and other acts of violence, in person or in a digital format that may cause students and/or their parents to feel unsure about the physical and emotional welfare of students at school. Disciplinary records are not permanent and students will begin each year with a clean disciplinary slate. The exception to this “clean slate” position is when the unacceptable behaviors fall into the area of fighting, assault, bullying, acts of violence, or threats of violence.

A student who intentionally harasses, threatens, taunts, or exhibits other behaviors towards another student will be held responsible for initiating any conflict that results from such behavior.

A student who initiates more than one violent act will be subject to increasingly stronger disciplinary action for each offense. Two or more acts of violence initiated by a student in his/her secondary school years in the Cabot School District may result in a placement in alternative school and a maximum punishment of a one-year expulsion from the district plus any legal charges that may result.

Students who willingly participate in a fight will receive the same punishment if both parties were equally responsible for initiating the violent act. When a student participates in an act of violence in reaction to being taunted, harassed, threatened, humiliated or ridiculed, the punishment assigned may be significantly less than the punishment assigned the student who initiated the conflict.

BULLYING (4.43)
Respect for the dignity of others is a cornerstone of civil society. Bullying creates an atmosphere of fear and intimidation, robs a person of their dignity, detracts from the safe environment necessary to promote student learning, and will not be tolerated by the faculty, staff, administration and board of the Cabot School District. Students who bully another person shall be held accountable for their actions whether they occur on the school grounds, off school grounds at a school sponsored or approved function, activity or event; or going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops.

- Substantial interference with a student’s education or with a public school employee’s role in education;
- A hostile educational environment for one (1) or more students or public school employees due to the severity, persistence, or pervasiveness of the act; or
- Substantial disruption of the orderly operation of the school or educational environment.

h. Without authorization of the school employee, signing up a school employee for electronic mailing lists or to receive junk electronic messages and instant messages.

Cyberbullying is prohibited whether or not the cyberbullying originated on school property or with school equipment, if the cyberbullying results in the substantial disruption of the orderly operation of the school or educational environment or is directed specifically at students or school personnel and maliciously intended for the purpose of disrupting school and has a high likelihood of succeeding in that purpose.

- Exhibition of other behaviors by students or educational staff that substantially interfere with the learning environment.
Students are encouraged to report behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, to their teacher or principal. The report may be made anonymously. Teachers and other school employees who have witnessed, or are reliably informed that, a student has been a victim of behavior they consider to be bullying, including a single action, which if allowed to continue would constitute bullying, shall report the incident(s) to the principal. Parents or legal guardians may submit written reports of incidents they feel constitute bullying, or if allowed to continue would constitute bullying, to the principal.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form.

ASSAULT, BATTERY, VERBAL ABUSE AND THREATS OF VIOLENCE (4:21)
A student shall not threaten, physically abuse, attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures; vulgar, abusive or insulting language; taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Students who make death threats, of any kind, will be immediately suspended. After a thorough inquiry/investigation, in which administration and/or law enforcement personnel determines the student’s potential for violence, school officials will decide what additional action is warranted, up to and including an expulsion recommendation and legal charges.

Furthermore, it is unlawful, during regular school hours and in a place where a public school employee is required to be in the course of his or her duties for any person to address a public school employee using language which, in its common understanding, is calculated to: a) cause a breach of the peace; b) materially and substantially interfere with the operation of the school; c) arouse the person to whom it is addressed to anger to the extent likely to cause imminent retaliation. Students guilty of such an offense may be subject to legal proceedings in addition to student disciplinary measures.
It is required by law that the principal or the person-in-charge report to the police any incidents where a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision.

Possession means having a weapon, as defined in this policy, on the student’s body or in an area under his/her control. If, prior to any questioning or search by any school personnel, a student discovers that he/she has accidentally brought a weapon to school and immediately takes the weapon to the principal’s office, or a student realizes that he/she has brought a weapon to school that is in a vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon. The weapon shall be confiscated and held in the office until such time as the student’s parent/legal guardian shall pick up the weapon from the school’s office.

Except as permitted in this policy, students found to be in possession of a firearm on the school campus shall be recommended for expulsion for a period of no less than one year. The Superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation

Paraphernalia associated with controlled substances is prohibited. It shall be a violation of this policy for any student to use alcohol, toxic substances, controlled substances or paraphernalia at school or in any school location. Level I Offenses

The student will be placed on immediate out of school suspension for up to ten (10) days. After a thorough investigation by the building administrator, a disciplinary hearing will be scheduled with the ALE placement committee or a district administrator. The building administrator, parent(s)/guardian(s) and the student should be present at the hearing. The purpose of this hearing is to review the offense with the parents/guardians and determine the length of placement in the alternative learning environment. After a student completes all point requirements, they will return to their home campus. Each additional offense will result in an expulsion conference with the superintendent/designee to determine a consequence.

The alternative to placement in ALE shall be a recommendation for expulsion from school.
Any Level II Offense or Second Level I Offense
The student will be placed on immediate out-of-school suspension for up to ten (10) days. After a thorough investigation by the building administrator, a disciplinary hearing will be scheduled with the ALE placement committee or a district administrator. The building administrator, parent(s)/guardian(s) and the student should be present at the hearing. The purpose of this hearing is to review the offense with the parents/guardians and determine the length of placement in ALE. Each additional offense will result in an expulsion conference with the superintendent/designee to determine a consequence. The alternative to placement in ALE shall be a recommendation for expulsion from school.

Any drug or alcohol offense (Level I or Level II) while enrolled at ALE will result in a recommendation for expulsion

A violation of this policy and the Medication Policy for students in grades K-6 will be determined on a case by case basis in a conference with the parents/guardians, principal and superintendent or designee.

Seniors enrolled in ALE must successfully complete all point requirements to be allowed to walk at graduation.

ALTERNATIVE SCHOOL
The Alternative Learning Environment, ALE, provides non-traditional services for students who have demonstrated at-risk behaviors. ALE is a short-term educational opportunity for students who have been withdrawn from their home campus as a result of a serious violation of the school policy, incorrigibility or other reasons deemed appropriate by the ALE placement committee or the District’s Superintendent (designee). ALE students are required to work in core classes, as well as complete a behavior management course and perform community service. The mission of ALE is to provide individualized programs outside of a standard classroom setting in which students learn the skills necessary to redirect their behavior. Any appeal regarding the ALE placement shall be made in writing to the Superintendent. Refusal to participate in the ALE placement shall result in a recommendation for expulsion.

Seniors enrolled in ALE must successfully complete all point requirements to be allowed to walk at graduation.

MANDATORY STUDENT DRUG TESTING POLICY (4.24.1)
Cabot Public Schools recognizes that drug abuse is a significant health problem for students, detrimentally effecting overall health, behavior, learning ability, reflexes, and the total development of each individual. Our stakeholders are determined to help students by providing another incentive for them to say “No”. It is critical that educators and parents continually seek ways to implement effective programs that provide the appropriate actions to address and foster a drug free environment in our schools. Drug abuse includes but is
not limited to, the use of illegal drugs, alcohol, and the misuse of legal drugs and medications.

Guidelines for the Mandatory Student Drug Testing Policy can be found on the District website under the “Parents” link.

CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

(4.19)

Students being transported on a school vehicle are subject to the same rules of conduct while traveling to and from school as they are while on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate student code of conduct rules.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating the student’s bus transportation privileges. Transporting students to and from school who have lost their bus transportation privileges shall become the responsibility of the student’s parent or legal guardian.

Behavior guidelines include, but are not limited to, the following:

1. Obey and be respectful of the bus driver at all times. This is our first and most important rule. The driver may recommend to temporarily suspend a student from riding the bus.

2. Be at the bus stop ten (10) minutes prior to the scheduled time. Understand that scheduled times are tentative and may vary by ten (10) minutes. Stand back about ten (10) feet from the bus stop and wait until the door is opened before moving closer to the bus. Do not play on the highway or road. If you miss the bus, do not attempt to hitchhike or walk to or from school.

3. While loading or unloading, enter or leave the bus quickly and in an orderly fashion.

4. Students are not allowed to eat, drink (water in approved containers permitted), or chew gum on the school bus. Water transported on buses must be in a sealable, non-glass container, not to exceed 32 fluid ounces.

5. No knives or sharp objects of any kind, firearms, or live animals are allowed on the bus.

6. You are not to tamper with any of the safety devices such as door latches, fire extinguishers, etc. Students must keep seated while the bus is in motion and must not move while it is stopped except as the driver directs. Students are not to put their hands or bodies out of the window. Do not yell at anyone outside of the bus.

7. Glass containers and balloons are not allowed.

8. Students are not to deface the bus or any school property. Do not write on the bus or damage seats, etc. Do not throw paper or other objects on the floor of the process.
bus. Keep the aisle of the bus clear from books, lunches, coats, etc. Do not put feet in the aisle.

9. Do not ask the driver to let you off at any place except your regular stop.

10. Students should only cross the street to wait for their bus on streets where the posted speed limit is 25 MPH or less, where crossing the street can be performed safely, and where there is a safe place to wait. Students should not attempt to cross any street with a published speed limit greater than 25 MPH or attempt to cross a highway of any kind. Students who wait for their bus on the opposite side of the street from the bus stop will wait until the bus has come to a complete stop, and the driver has signaled to cross in front of the bus before entering the roadway. (Unless the driver directs you differently.)

11. Students who must cross the road after leaving the bus in the afternoon must go to a point on the shoulder of the road ten (10) feet in front of the bus. Cross the road only after the driver has signaled you to do so.

12. Bus seats are designed for three (3) people. In view of federal regulations that require all students to be seated, the bus driver will see that three (3) students are in each seat, if necessary.

13. Students are expected to conduct themselves in a manner such that they will not distract the attention of their driver or disturb other riders on the bus (which includes keeping your hands to yourself, attend to your own matters, let other pupils alone and be reasonably quiet).

14. This is not intended to cover all the “do’s and don’ts,” but it is a very specific guide. The driver may find it necessary to interpret these policies in light of his/her own bus needs.

15. A student’s behavior on school buses is a determining factor in transportation eligibility. When a student is referred for a disciplinary issue, an investigation shall be conducted; and, if it is determined that the referral merits disciplinary measures, these measures may range from a student conference up to and including expulsion.

16. The transportation director must approve requests for students to ride a bus other than their assigned bus.

Violation Consequences: Minimum - Student Conference; Maximum – Expulsion

GANGS AND GANG ACTIVITY (4.26)
The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:
1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.
Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

Violation Consequences:  Minimum - Student Conference;  
Maximum – Expulsion

STUDENT SEXUAL HARASSMENT (4.27)
The Cabot School District is committed to having an academic environment in which all students are treated with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

DEFINITIONS

Complainant: An individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Education Program or Activity: Locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

Formal Complaint: A document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

Respondent: An individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Sexual Harassment: Conduct on the basis of sex that satisfies one or more of the following:
1. A District employee conditions the provision of an aid, benefit, or service of the District on an individual’s participation in unwelcome sexual conduct OR uses the rejection of sexual conduct as the basis for academic decisions affecting that individual.

2. The conduct is unwelcome and determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activities OR it constitutes sexual assault, dating violence, domestic violence, or stalking.

**ROLES**

The Title IX Coordinator is the Director of Human Resources and Legal Affairs. Investigators may be administrators or directors. The decision-maker is the Assistant Superintendent. Appeals are made to the Superintendent.

**TRAINING**

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- the nature of sexual harassment;
- the District’s written procedures governing and instructions regarding formal complaints and the process;
- that the District does not tolerate sexual harassment;
- that students can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- the support that is available to individuals experiencing sexual harassment; and
- the potential discipline for perpetrating sexual harassment.

**GENERAL PROVISIONS**

Within the educational environment, sexual harassment is prohibited between any of the following:

- students;
employees and students; and
non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is or is not sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon the circumstances, examples of sexual harassment include, but are not limited to:

- making sexual propositions or pressuring for sexual activities;
- unwelcome touching;
- writing graffiti of a sexual nature;
- displaying or distributing sexually explicit drawings, pictures, or written materials;
- performing sexual gestures or touching oneself sexually in front of others;
- telling sexual or crude jokes;
- spreading rumors related to a person’s alleged sexual activities;
- discussions of sexual experiences;
- rating other students as to sexual activity or performance;
- circulating or showing emails or websites of a sexual nature;
- intimidation by words, actions, insults, or name calling; and
- teasing or name calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether the student self-identifies as homosexual or transgender.

**SUPPORTIVE MEASURES**

Supportive measures are individualized services that are offered to the complainant or the respondent designed to restore or preserve equal access to the District’s education program or activities without unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, reasonably available, and without fee or charge. Examples of supportive measures include, but are not limited to:

- measures designed to protect the safety of all parties or the District’s educational environment or deter sexual harassment;
- counseling;
- extensions of deadlines or other course-related adjustments;
• modifications of work or class schedules;
• mutual restrictions on contact between the parties;
• changes in work or class locations;
• leaves of absence; and
• increased security and monitoring of specific areas of campus.

The District shall provide the individualized supportive measures to the complainant unless declined in writing and shall provide individualized supportive measures to the respondent that are non-disciplinary and non-punitive. A complainant who initially declined the District’s offer of supportive measures may request them at a later time and the District shall provide them based on the circumstances when the subsequent request is received.

**INITIATING AN INFORMAL COMPLAINT**

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to bring their concerns to any District staff member, including a counselor, teacher, Title IX Coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

• discuss the availability of supportive measures;
• inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
• explain to the complainant the process for filing a formal complaint.

**INITIATING A FORMAL COMPLAINT**

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, the District shall simultaneously provide the following written notice to the parties who are known:

• notice of the District’s process and a copy of the procedures governing the process;
notice of the allegations of sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include identity of the parties involved in the incident (if known), the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident (if known);

a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the process;

that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;

that the parties may inspect and review evidence relevant to the complaint of sexual harassment; and

that the District’s code of conduct prohibits knowingly making false statements or knowingly submitting false information during the process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent, by more than one complainant against one or more respondents, or by one party against the other party.

INVESTIGATING A FORMAL COMPLAINT

There shall be an investigation of every formal complaint and that investigation should happen in a reasonable amount of time in light of the circumstances. When investigating a formal complaint and throughout the process, the District shall adhere to the following directives:

- ensure that the burden of proof is not on the respondent;
- ensure that the burden to gather evidence sufficient to reach a determination regarding responsibility rests on the District and not on the parties;
- if the District seeks to access or use questions or evidence that require disclosure of information protected by a legally recognized privilege or access or use records that are maintained by a physician, psychiatrist, psychologist, or other recognized professional acting in the professional’s capacity which are made and maintained for treating the party, the District must obtain the voluntary written consent of that party if the party is over the age of eighteen.
(18) or, if under eighteen (18), the party’s parent, legal guardian, or other responsible adult;

- provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory or exculpatory evidence. Both parties must have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. This includes evidence obtained from any source, evidence that the District does not intend to rely on in determining responsibility, and evidence that is inculpatory or exculpatory;

- not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;

- provide the parties with the same opportunity to have others present during any proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be an attorney, and not limit the choice or presence of the advisor in any meeting or proceeding;

- provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare or participate; and

- create an investigative report that fairly summarizes relevant evidence.

At least ten (10) days prior to the completion of the investigative report, the District shall send to each party and the party’s advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10) days to submit a written response to the evidence. The investigator will consider the written responses prior to the completion of the investigative report. All evidence subject to inspection and review shall be available for inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

Should the process need to be delayed for good cause, notice should be provided to all parties for the reasons for the action, which may include:

- the absence of a party, a party’s advisor, or a witness;
- concurrent law enforcement activity; or
- the need for language assistance or accommodation of disabilities.

The District may hire an individual or individuals to conduct the investigation when necessary.
MAKING A DECISION

After the investigative report is sent to the parties, the decision-maker shall:

- provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- provide each party with answers;
- allow for additional, limited follow-up questions from each party; and
- provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include:

- identification of the allegations potentially constituting sexual harassment;
- a description of the procedural steps taken from receipt of the formal complaint through the determination, specifically including notice to the parties, interviews, site visits, methods used to gather evidence, and hearings;
- findings of fact supporting the determination;
- conclusions regarding the application of the District’s personnel policies or code of conduct to the facts;
- a statement of, and rationale for, the result as to each allegation, including determining responsibility, noting disciplinary sanctions imposed on the respondent, and stating supportive measures that will be provided to the complainant; and
- notice of procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination shall become final on the earlier of the following: (1) if an appeal is not filed, the day after the filing period expires; or (2) if an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.
The District may hire an individual or individuals to act as the decision-maker when necessary.

**DISMISSAL OF FORMAL COMPLAINT**

While a dismissal for the reasons below does not preclude action under other provisions of the District’s code of conduct, the District shall dismiss a complaint as not meeting the definition of sexual harassment under this policy if the conduct alleged in the formal complaint:

- would not constitute sexual harassment as defined in this policy even if proved;
- did not occur in the District’s education program or activity; or
- did not occur against a person in the United States.

The District may dismiss the formal complaint or any allegations included if at any time during the process:

- the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- the respondent is no longer enrolled in or employed by the District; or
- specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

**APPEALS**

An appeal must be filed no more than ten (10) business days after the original determination was sent. A statement noting the desire to appeal and the basis for the appeal must be sent to the decision-maker in the same manner that the original determination was received. Either party may appeal a determination of responsibility or a dismissal or any allegations therein on the following bases:

- procedural irregularity that affected the outcome;
- discovery of new evidence that was not reasonably available at the time of the determination or dismissal that could affect the outcome;
the Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents, generally or specifically, that affected the outcome of the matter; or
specific appeals of the disciplinary sanctions.

For all appeals, the District shall:

- notify the other party in writing that an appeal has been filed;
- simultaneously provide all parties a written copy of the District’s procedures governing the appeal process;
- implement appeal procedures equally for both parties;
- ensure that the decision-maker for the appeal is not the same person as the decision-maker in the original determination, the investigator, or the Title IX Coordinator;
- provide all parties a reasonable, equal opportunity to submit a written statement in support of or challenging the original determination;
- issue a written decision describing the determination of the appeal and the rationale for the result; and
- provide the written decision simultaneously to both parties.

DISCIPLINARY SANCTIONS

It shall be a violation of this policy for any student to be subjected to or to subject another person to sexual harassment. Following the completion of the District’s process, any student who is found by the evidence to more likely than not have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

CONFIDENTIALITY

Reports of sexual harassment, both informal and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:
• individuals who are responsible for handling the investigation and determination of responsibility to the extent necessary to complete that process;
• submit a report to the child maltreatment hotline;
• submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee toward a student; or
• provide either party due process during the process.

Except in the situations listed above, the District shall keep confidential the identity of:

• any individual who has made a report or complaint of sex discrimination;
• any individual who has made a report or filed a formal complaint of sexual harassment;
• any complainant or respondent; and
• any witness.

Any supportive measures provided to either party shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide those measures.

**RECORDKEEPING**

The District shall maintain the following records for a minimum of seven (7) years:

• each sexual harassment investigation, including determinations, disciplinary sanctions imposed, supportive measures provided, appeal and determination, and the basis for the District’s conclusion that its response was not deliberately indifferent;
• all materials used to train Title IX Coordinators, investigators, and decision-makers; and
• any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment or the reasons why supportive measures were not taken and why that response was not clearly unreasonable.

**OTHER PROVISIONS**

The District may remove a respondent from the District’s education program or activities on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies
removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation is perpetrated by District officials, students, or third parties. Students or the parents/legal guardians/other responsible adult of a student shall not be subjected to retaliation or reprisal in any form—including threats, intimidation, coercion, discrimination, or charged with code of conduct violations that do not involve sex discrimination or sexual harassment and are made for the purpose of interfering with any right or privilege under this policy—for doing any of the following:

- submitting a report of sexual harassment;
- filing a formal complaint of sexual harassment;
- testifying, assisting, participating in an investigation, proceeding, or hearing; or
- refusing to participate in an investigation, proceeding, or hearing.

Violation Consequences: Minimum - Student Conference; Maximum – Expulsion

**LASER POINTERS (4.28)**

Students shall not possess any hand held laser pointer while in school; on or about school property, before or after school; in attendance at school or any school-sponsored activity; en route to or from school or any school-sponsored activity; off the school grounds at any school bus stop or at any school-sponsored activity or event. School personnel shall seize any laser pointer from the student possessing it and the student may reclaim it at the close of the school year, or when the student is no longer enrolled in the District.

Violation Consequences: Minimum - Student Conference; Maximum – Expulsion

**TECHNOLOGY DEVICE USE POLICY (4.29)**

The Cabot School District makes electronic devices and/or computer Internet access available to students, to permit students to perform research and to allow students to learn how to use computer technology. Use of district technology devices is for educational and/or instructional purposes only. It is the policy of this school district to utilize Internet filtering software designed to prevent users from accessing material that is harmful to minors. For the purposes of this policy “harmful to minors” is defined as any picture, image graphic image file, or other visual depiction that: (A) Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex or excretion; (B) Depicts describes, or represents, in a patently offensive way with respect to what is suitable for minors, and actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or lewd exhibition of the genitals; and (C) taken as a whole, lacks
serious literary, artistic, political, or scientific value as to minors. No student will be granted Internet access until and unless a computer-use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18] is on file. The current version of the technology device use agreement is incorporated by reference into Board policy and is considered part of the student handbook.

Student use of technology devices shall only be as directed or assigned by staff or teachers. Students are advised that they enjoy no expectation of privacy in any aspect of their device use, including e-mail, and that monitoring of student technology device use is continuous. Students must not disable or bypass security procedures, compromise, attempt to compromise, or defeat the district’s technology network security or Internet filtering software, alter data without authorization, or disclose passwords to other students. Students who misuse district-owned devices or Internet access in any way, including using devices to violate any other policy or contrary to the technology device use agreement, or using the devices to access or create sexually explicit or pornographic text or graphics, will face progressive disciplinary action, as specified in the student handbook and/or electronic device use agreement.

In an effort to help protect student welfare when they navigate the Internet, the district will work to educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response.

Violation Consequences: Minimum - Student Conference; Maximum – Expulsion

DAMAGING, DESTROYING OR STEALING SCHOOL PROPERTY (4.58)
Any student, who vandalizes, destroys or steals school property shall be held liable for the cost of restitution, repair or replacement of that property. The student shall also be subject to school discipline and possible legal action.

Violation Consequences: Minimum - Student Conference; Maximum – Expulsion

SEARCH, SEIZURE AND INTERROGATIONS (4.32)
The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy when there is reasonable suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and
disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student’s consent. A personal search must not be excessively intrusive in light of the age and gender of the student and the nature of the infraction. A school official of the same gender shall conduct personal searches with an adult witness of the same gender present.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

Should a student refuse to cooperate with a search, there will be a presumption of possession of the contraband in question resulting in suspension pending a conference with the assistant superintendent.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold” without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal’s designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student,
the principal or designee shall give the student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number. Search refusal may result in consequences issued ranging from student conference to expulsion.

SECTION 3 - SAFETY, HEALTH AND WELLNESS POLICIES AND PROCEDURES

SCHOOL RESOURCE OFFICERS
The Cabot School District is pleased to be participating in the School Resource Officer (SRO) Program. The uniformed police officers are available to students, faculty, and parents as a law enforcement resource. The officers can be utilized to discuss and present topics including: drug and alcohol abuse, traffic safety, suicide prevention, crime prevention, family violence, and other issues.

The City of Cabot and the Cabot School District make this program possible through a joint effort.

SURVEILLANCE
The board has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as restrooms or dressing areas where an expectation of privacy is reasonable and customary.

Signs shall be posted on campus building and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.
The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy’s following paragraph, the district video recordings may be erased any time greater than 2 days after they were created.

Videos, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

WEATHER RELATED CLOSING PROCEDURES
When it becomes necessary to close school, the decision will be made as early as possible. Decisions will be made based on road conditions rather than weather forecasts. Students and parents will be notified through the following communication sources:

- Local television stations
- District’s Internet Website: www.cabotschools.org
- Cabot Public Schools mobile device app
- School Announcements Phone Messaging System
- Other media outlets

Should conditions develop during a school day which warrants early dismissal from school, these same stations will be notified. This decision will generally be made as late as is practical and will, if at all possible, come after lunchtime.

Whenever it is known that school will not be open on a day following a weather related closing day, notification of the decision to remain closed will be made.

SCHOOL LUNCH SUBSTITUTIONS (4.50)
The district only provides substitute meal components on menus to accommodate students with handicapping conditions meeting the definition of a disability as defined in USDA regulations. A parent/guardian wishing to request such a dietary accommodation must submit a Certification of Disability for Special Dietary Needs Form completed by a licensed physician to the District Food Service Director. The district will not prepare meals outside the normal menu to accommodate a family’s religious or personal health beliefs.

FOOD SERVICE (4.51)
The goal of the Cabot School District is to provide students with healthy meals each day. The purpose of this policy is to insure compliance with federal reporting requirements for the USDA Child Nutrition Program, and to provide oversight and accountability for the collection of outstanding student meal balances.
**Full Pay & Reduced Students**
Students will pay for meals at the district’s published standard rate each day. A student will be allowed to charge a maximum of $10.00. Any student that has money to purchase a reduced or paid meal at the time of meal service will be provided a regular meal.

**Free Meal Benefit**
Free status students will be allowed to receive one free breakfast and lunch each day. A la carte and second meal purchases must be prepaid.

**Negative Balance Notification**
Parents/Guardians will be notified by food service personnel or school administration via email, phone or written payment reminder when the student reaches a low or negative balance. All school cafeterias possess computerized point of sale/cash register systems that maintain records of all monies deposited and spent for each student. Records are available by setting up an account at www.ezschoolpay.com or by speaking with the cafeteria manager. Students/Parents/Guardians are encouraged to pay for meals in advance via www.ezschoolpay.com, cash or check.

**Refunds**
A written request for a refund of any money remaining in their account must be submitted to the food service department. An e-mail request is also acceptable.

**Remaining funds or negative balances** for a student will be carried over to the next school year.

**Unclaimed funds** must be requested within one school year. Unclaimed funds will then become the property of the Cabot Public School Food Service Program. Any remaining cafeteria charges under $10.00 will be carried over at the end of the school year until the debt is paid in full, the student graduates or withdraws from the district.

**Balances Owed with No Response by Parent/Guardian**
If the payment is not received, the Superintendent or his/her designee may take one or more of the following actions:
1) Delay the issuance of report cards, transfer cards, and class assignments until obligations are met.
2) Prohibit student participation in senior activities or graduation exercises.

If financial hardship exists, parents and families are encouraged to apply for free or reduced price lunches for their child. Free and reduced meal applications can be found at www.ezmealapp.com, each school office and the Central Administration Office.
SNACKS AND TREATS AT SCHOOL (6:9)

School Events/Parties - Students may be given any food and/or beverage items during the school day for up to nine different events each school year to be determined and approved by school officials. These items may not be given during meal times in the areas where school meals are being served or consumed. Foods for such events must be sealed and packaged when brought to school and disseminated using safety precautions, such as plastic gloves. Homemade foods and snacks cannot be provided to students. Any prepared foods must have been prepared in an Arkansas Health Department inspected and approved kitchen and properly stored until being served.

Snacks During the Declared School Day – Snacks may be provided or distributed by the school as part of the planned instructional program, for example, afternoon snack for kindergarten students who eat early lunch. Snacks shall meet the United States Department of Agriculture Child and Adult Care Snack Patterns.

Foods for Instructional Purposes – Foods integrated as a vital part of the instructional program are allowed at any time. Examples include edible manipulatives such as a square of cheese to teach fractions, a nutrition food experience, food production in family and consumer science units, and food science units.

No food or beverage shall be used as rewards for academic, classroom or sport performances and/or activities with the exception of those occasions outlined previously in this policy.

COMMUNICABLE DISEASES AND PARASITES (4.43)

Students with communicable diseases or with parasites shall demonstrate respect for other students by not attending school while they are contagious. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

When a student has suspected head lice:

1. The school nurse or trained staff member will assess the student and determine action to be taken.
2. If live adult lice are found, the student’s parent/guardian will be notified to pick the child up from school.
3. If nits (eggs) are found ONLY, the student may remain in class and the parent/guardian will be notified by phone and/or written notification.
4. Treatment and prevention instructions will be sent home with identified students.
5. Student must be properly treated with an approved pediculicide such as Rid® or Nix®, or the generic equivalent.
6. Proof of treatment must be provided to the school nurse upon returning to school. If live lice were identified, the student must provide proof of treatment and be evaluated by the school nurse or trained staff before returning to class.
7. A follow up assessment of the student will be completed by the school nurse or trained staff member within 7 – 10 days of the initial discovery.
8. Screening of students, who have close contact with the identified student, will be evaluated at the discretion of the school nurse.
9. Only students who have active head lice will be sent notification from the school nurse.
10. The American Academy of Pediatric Physicians does not recommend conducting routine screenings of the entire school population, nor any school wide notification when a student has head lice. Therefore, the school district does not recommend school wide screenings/notifications.
11. The parent should check their child’s head and remove lice and/or nits DAILY for at least two (2) weeks.
12. Parents should apply a second pediculicide treatment, seven (7) to ten (10) days after the first treatment.
13. Fourteen (14) days after the initial discovery of head lice or nits, the school nurse or trained staff member will evaluate the student for signs of lice or nits. The student will once again be sent home if lice and/or nits are found. Parent will need to accompany student upon returning to school and the school nurse or trained staff member will determine if student is cleared to return to class.

Each school may conduct screenings of students for head lice as needed. The screenings shall be conducted in a manner that respects the confidentiality of each student.

**IMMUNIZATION REQUIREMENTS**
Immunizations must be up-to-date as required by the Arkansas Department of Health. A copy of the required immunizations may be acquired from the school health nurse. If a student does not have the required immunizations, according to the law, he/she will be excluded from school until immunizations are up-to-date.

If a student is unable to receive immunizations for a medical or non-medical reason, the parent must take the following steps before the child is eligible to attend school:
- Contact the Arkansas Department of Health, Division of Communicable Disease at 501-661-2169.
- Submit a request and documentation for exemption to ADH.
ADH will give the parent a letter granting or denying exemption which must be returned to the school nurse. *Exemptions must be renewed yearly by the parent.*

**PHYSICAL EXAMINATIONS OR SCREENINGS (4.41)**
The District conducts the following state mandated health screenings:
- Hearing and Vision --- Pre K, K, 1, 2, 4, 6, 8
- Height and Weight --- K, 2, 4, 6, 8, 10
- Scoliosis --- 6th and 8th grade girls and 8th grade boys

The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student ability to achieve to his/her full potential. The parent rights, provided under this policy, transfer to the student when the student turns 18 years of age. *Except in instances where a student is suspected of*
having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F (located in the school nurse’s office) or by providing a written statement to the school nurse.

**PERSONAL ILLNESS**

In order to provide our student with a healthy environment in which to learn, these guidelines should be followed:

1. If a child complains before school, take his/her temperature and keep the child home if the temperature exceeds 99.9 degrees.
2. If a child complains with stomach disorders such as nausea, vomiting or diarrhea, he/she should not be sent to school. Stomach viruses are contagious.
3. If a child has a rash of unknown origin or has a suspected condition (such as chicken pox), which may be contagious, do not send him/her to school until a physician has diagnosed the condition.
4. If a student is sent home from school with fever, vomiting, diarrhea, rash, or any other symptom that is suspected to be contagious, he/she should not return to school the next day. A child should be free from any signs or symptoms that are believed to be contagious for twenty-four (24) hours before returning to school.

**Minimum school exclusions, listed in the chart above, will be strictly enforced regardless of doctor’s notes received.**

Many times children become ill at school and it is necessary for parents to be notified. The following criteria will be used as a guide for notifying parents:

1. Fever of 100 degrees or higher;
2. Vomiting and/or diarrhea;
3. Symptoms of contagious conjunctivitis;
4. Symptoms of contagious diseases;
5. Skin rash of unknown origin;
6. Serious injuries;
7. Symptoms of head lice; or
8. Symptoms that the school nurse deems as a possible health risk to the student and/or to other students at school.
TOILET TRAINING (4.56)
All children entering Cabot Schools shall have toilet training to the point that each one can take care of their toileting needs without adult assistance. Any exceptions shall be made in advance of the start of school by the parent providing medical documentation of a health related cause to the building principal from the child’s physician. If there is a health related reason for a child not being able to control his/her bowels or bladder, a health plan will be developed by the school nurse with input from the parent/guardian and physician. A child who has multiple toileting accidents weekly because they have not been trained at home may be withheld from school until the parent/guardian has completed toilet training with their child.

CHRONIC ILLNESS
There are occasions where a student may have a chronic condition that requires the student to miss school more than is allowed under the attendance policy. If such a condition exists the parents, the physician and the school may work together to develop a health care plan that addresses the illness and modifies the attendance policy. When this is necessary the School Principal and the Director of Nursing for the district must be involved and the plan must be submitted to the Director of Student Services for final approval.

STUDENT MEDICATIONS (4.35)
The purpose of this policy is to set forth the provisions that must be followed when administering medication to students. The Cabot School District acknowledges that some students may require medication during the school day when a schedule for dispensing medication at home is not feasible. The school district’s licensed school nurse, principal or designee will dispense the student’s medication in accordance with the school district’s policy.

Definitions:
“Prescription Medication” is a medication that can be obtained only by means of a licensed and duly authorized medical practitioner.
“Nonprescription Medication” is an over-the-counter medication that can be obtained without a licensed medical practitioner.
“Medication” is a Food and Drug Administration (FDA) approved drug or preparation of drugs in suitable form for use as a curative or remedial substance.
“School Location” includes any school building or on any school premises; in any school-owned vehicle or in any other school-approved vehicle used to transport students to and from school or school activities; off school property at any school-sponsored or school approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district.

Requirements:
Administration of prescription medication by school personnel must only be done according to the written order of a licensed medical practitioner and written authorization of parent/guardian. Non-prescription medication will be administered to students only with
parent/guardian written authorization. School personnel will dispense only oral, nasal and topical medications unless a condition exists for which an exception is made in accordance with the requirements of this policy.

Non FDA approved products, herbal/dietary products, medications purchased in foreign countries, or non-traditional preparations (including but not limited to: vitamins, supplements, homeopathic remedies and essential oils) may not be administered by school personnel. The parent/guardian may administer the products so long as the use does not interfere with the health or well-being of other students.

No medication will be given unless a Medication Form is filled out for each medication. ALL medications must be delivered to the school office, by a parent or other responsible adult, in the original pharmacy-labeled or manufacturer’s container. No loose pills in “baggies”, envelopes or taped to a note will be accepted.

Prescription medication must have the following information on the label: student’s full name; name and dosage of medication; time and directions for administration; the physician’s name; and a current date.

Non-prescription medication may be given with parental permission for a total of five doses per semester. A licensed prescriber order will be required if administration exceeds five doses. Medicine will be given no more than once during the school day, without a prescriber order. All non-prescription medications must be delivered to the school by the parent/guardian in the original, unopened container.

Narcotic pain medications may cause many side effects that hinder a student’s ability to learn. Medications, such as but not limited to: hydrocodone, oxycodone, vicodin, Percocet, Tylenol with codeine, etc., will not be administered at school.

Stock Medications
The following over-the-counter (OTC) medications are kept in the nurse’s office:
Acetaminophen (Tylenol), ibuprofen, antacid (Tums), Caladryl (topical anti-itch, diphenhydramine (Benadryl), oral pain reliever (Ora-jel), antibiotic ointment, basic first aid supplies.

All medications will be given according to label instructions and in accordance with OTC school district policy.

These medications will only be administered at the discretion of the school nurse. Acetaminophen and ibuprofen may be given according to the following guidelines:

- Fever over 102 degrees (or as deemed necessary be school nurse).
- Headaches and/or other pains not relieved by other measures such as ice, heat, food, fluids, rest, etc.
• Health care provider’s order
Tylenol, ibuprofen, and antacids will not be administered before 10:00am or after 2:00pm.

Student “Health Information” form must be filled out completely and signed by a
parent/guardian and returned to your child’s school nurse in order to receive any stock
medications supplied by the school nurse.

Students that require frequent doses of OTC medications MUST have a doctor’s note and
will need to supply their own medication.

All medications dispensed at school will be kept in a school designated locked drawer,
cabinet or file. Medications are not to be carried by students. Students are not permitted
to have medication in their possession on school property or on the school bus. No
medicine will be sent home with a student. The only exceptions to this are those developed
by a team that includes the parent(s), the principal and the school nurse following strict
district guidelines.

Students who need to carry an asthma inhaler, auto-injectable epinephrine, or diabetes
supplies during the school day will be allowed to carry and be responsible for
administration of their own medication(s) only when the school has received written
consent from the student’s physician and parent/guardian. Forms may be obtained from
the school nurse. Students allowed to self-carry medications will be subject to punishment
under the drug policy if they allow use of their medication(s) by any other student.

Special arrangements must be made with the school nurse concerning medically ordered
procedures for children with disabilities or special medical needs.

Guidelines for dispensing medication at school and at school activities, developed by the
Director of Nursing, shall be a part of these policies.

Outdated medications will not be kept in the school health room. All medications not
picked up by the last day of school will be disposed of properly.

**Violations of the Student Medication Policy**

A. It is a violation of this policy for a student to keep any kind of medication in his/her
possession at school or at school locations unless an exception has been granted as
outlined in this policy. This violation shall result in punishment as follows: **First
offense:** three (3) days in-school suspension and conference with parent/guardian;
**Second offense:** up to ten (10) days out-of-school suspension or placement in the
alternative learning environment, a conference with the parent/guardian; **Third
offense:** May result in an expulsion conference with the superintendent/designee.

B. It is a violation of this policy for a student to give an over-the-counter medication to
another student. This violation shall result in punishment as follows: **First offense:**
Up to ten (10) days out-of-school suspension; **Second offense**: Up to 10 days out-of-school suspension with possible placement in ALE; **Third offense**: May result in an expulsion conference with the superintendent/designee.

C. It is a violation of this policy for a student to ask for or receive an over-the-counter medication from another student. **First offense**: Up to five (5) days in-school or out-of-school suspension. **Second offense**: Up to ten (10) days out of school suspension. **Third offense**: May result in an expulsion conference with principal and superintendent or designee.

D. It is a violation of the **DRUGS AND ALCOHOL POLICY** for a student to sell a medication, give a prescription medication to another student, or misuse a prescription medication (see Drug Free School Policy Level II Offense for consequences).

Consequences for a violation of this policy and the Drugs and Alcohol Policy for students in grades K-6 will be determined on a case by case basis in a conference with the parents/guardians, principal and superintendent or designee.

Students may possess and self-apply topical sunscreen. However, sharing with or providing to another student is a violation of the medication policy. (Act 247 of 2019)

**STUDENT ILLNESS/ACCIDENTS/INSURANCE (4.36)**

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student’s parent or legal guardian. The student will remain in the school’s health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can remove the student from school.

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school’s expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student’s emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

The school does not carry liability insurance and is immune from liability and from suit for damages. (A.C.A. § 21-9-301) It is strongly recommended that parents purchase student insurance to cover their child while at school, particularly if no other health coverage is in force.

**EMERGENCY DRILLS (4.37)**

All schools in the district shall conduct fire drills at least monthly. Tornado drills shall be conducted at least three (3) times per year in the months of September, January and February. The Cabot School District will also participate in drills required by the Safe School Initiative Act (6-15-1303). Students, who ride school buses shall also participate in emergency evacuation drills at least twice a school year.
Other types of emergency drills may also be conducted. These may include, but are not limited to:
1. Earthquake;
2. Act of terrorism;
3. Chemical spill;

SECTION 4 - ACADEMIC POLICIES AND PROCEDURES

CABOT CHARTER SCHOOL: ACE, ALE, AND ACE NORTH
There are three components to the district charter school: the Academic Center of Excellence (ACE), ACE North, and the Alternative Learning Environment (ALE). The students in these programs are subject to the rules, regulations and procedures contained in this handbook with the following exception: There are some rules and regulations unique to these programs. Parents will be provided additional documentation during the orientation and/or placement conference. Where ACE, ACE North or ALE rules and regulations differ from the ones in this handbook, the ACE, ACE North, and ALE students are to follow the rules and regulations unique to those programs. Students assigned to ALE are not allowed on any campus in the district during their assignment to ALE with the following exception: a one-event pass can be obtained if the ALE principal and the principal of the campus on which the ALE student wishes to attend an event both issue written approval to the student. The student must have this written approval with them and be accompanied by his/her parent/guardian while on a campus other than ALE.

ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOoled STUDENTS (4.59)
The District allows private school and home schooled students whose parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis with whom the student resides are residents of the District to attend academic courses offered in grades 7-12.

A private school or home schooled student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:
   a. August 1 for Fall semester courses; or
   b. December 1 for Spring semester courses.

The superintendent, or designee, is authorized to waive the application deadline under extenuating circumstances.

The District permits a private school or home schooled student to attend a maximum of three (3) courses per semester.
The District may reject a private school or home schooled student’s request for attendance if the District’s acceptance would:

- Require the addition of staff or classrooms;
- Exceed the capacity of a program, class, grade level, or school building;
- Cost the District more for the student to attend the academic course than the District receives for the student’s attendance; or
- Cause the District to provide educational services the District does not currently provide at a financial burden to the District;

As part of the request to attend academic courses in the District, a private school or home schooled student shall:

- Indicate the course(s) the private school or home schooled student is interested in attending;
- Submit, along with the student’s application, a copy of the student’s transcript indicating that the student has received credit for the course(s), or equivalent course(s), that are a prerequisite to the course(s) the student desires to attend at the District;
- Agree to follow the District’s discipline policies; and
- Submit all required enrollment documents, including immunization records.

A private school or home schooled student who fails to attend an academic course by the eleventh (11) day of class or who is absent without excuse for eleven (11) consecutive days during the semester shall be dropped from the course. A private school or home schooled student shall not be considered truant for unexcused absences from the course(s) the student is attending in the District.

Private school or home schooled students shall receive a final grade and transcript for each academic course the student completes.

The responsibility for transportation of any private school or home schooled student attending academic courses in the District shall be borne by the student or the student’s parents/guardians.

**GRADING AND REPORTING (5:15)**

Parents or guardians shall be kept informed concerning the progress of their student. Time will be set aside in the district calendar for parent-teacher conferences each semester. Parent-teacher conferences are encouraged and may be requested by parents, guardians, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine-week grading period to keep parents/guardians informed of their student’s progress.
Parents may utilize the Home Access Center (HAC) to view information on their child’s grades and attendance. Login information for HAC is available from your child’s school.

The evaluation of each student’s performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Students’ grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

The elementary schools, housing students from Kindergarten through grade 4, will use “standards based” monitoring and reporting system for evaluating student progress. The targeted standards for each grade level are listed on the reporting form using a numerical scale of 4, 3, 2 or 1. These numbers are defined as follows:
4 – All learning goals are consistently met or extended
3 - Most of the learning goals are consistently met
2 – More than half of the learning goals are consistently met
1 – Few or none of the learning goals are consistently met

Students in grade 3 will begin the transition to letter grades (A, B, C, D) which correspond to the numerical (4, 3, 2, 1) scale.

Students in grade 4 will receive letter grades which correspond to the numerical (4, 3, 2, 1) scale.

For citizenship and activity class grades the K-4 schools will use “O” for outstanding; “S” for Satisfactory or “N” for Needs Improvement.

The grading scale for grades five – twelve (middle schools, junior high schools, freshman academy and high schools) shall be as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Numeric Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>100 – 90</td>
</tr>
<tr>
<td>B</td>
<td>89 – 80</td>
</tr>
<tr>
<td>C</td>
<td>79 – 70</td>
</tr>
<tr>
<td>D</td>
<td>69-60</td>
</tr>
<tr>
<td>F</td>
<td>59 and below</td>
</tr>
</tbody>
</table>

For the purpose of determining grade point averages, the numeric value of each letter grade shall be:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
</tr>
</tbody>
</table>

The grade point values for Advanced Placement (AP), International Baccalaureate (IB), and DESE approved honor courses shall be one point greater than for regular or advanced courses with the exception that an F shall still be worth 0 points.
The final grades of students who transfer in for part of a semester will be determined by blending the grades in the district with those earned outside the district. Each final grade will be the sum of the percentage of days in the grading period transferred from outside the district times the transferred grade from outside the district plus the percentage of days in the grading period while in the district times the grade earned in the district.

For example: The grading period had 40 days. A student transferred in with a grade of 83% earned in 10 days at the previous school. The student had a grade of 75% in Cabot School District while attending 30 days of the grading period. 10 days is 25% of 40 days while 30 days is 75% of 40 days. Thus the final grade would be \( .25(83) + .75(73) = 75.5\% \).

**ACADEMIC INTEGRITY**

The Cabot School District is committed to maintaining high standards and expectations for academic integrity among all students.

Following the principles of academic integrity means:

- Presenting one’s own work honestly and authentically;
- Synthesizing with other students only when directed by a teacher;
- Confiding in teachers or administrators when an infraction has been committed;
- Being willing to give credit to others whose ideas or work has been assimilated into one’s own work.

Behavior that fails to sustain the principles of academic integrity includes, but is not limited to:

- Plagiarizing another’s work;
- Helping, receiving help, or attempting to use any unapproved materials for an assignment or test;
- Falsely representing the source of any academic work;
- Unapproved changing of any grades;
- Forging of documents or misuse of school approval forms;
- Any other dishonest act regarding academic work.

Violation of Academic Integrity expectations may result in the loss of credit for the assignment and/or disciplinary consequences.

**Violation Consequences: Minimum - Student Conference; Maximum – Expulsion**

**SEMESTER TEST(S) & EXEMPTIONS (GRADES 9-12)**

For the 2020-2021 school year, students in grades 9-12 will be assessed using nine-week tests at the end of each grading period as opposed to a semester exam. Test Weighting - The value of a nine-week test will be equal to the test of the greatest weight in the same quarter in a particular class. Therefore, the weight of the test will vary between teachers.
but will more closely correspond to the weight of other tests given in each individual class.

**JUNIOR HIGH ASSESSMENTS (GRADES 7-8)**
Junior High students will be assessed using nine-week tests at the end of each grading period as opposed to a semester exam. Test Weighting - The value of a nine-week test will be equal to the test of the greatest weight in the same quarter in a particular class. Therefore, the weight of the test will vary between teachers but will more closely correspond to the weight of other tests given in each individual class.

**CONCURRENT CREDIT (5:18)**
A ninth through twelfth grade student who successfully completes a college course(s) from an institution approved by the Division of Elementary and Secondary Education shall be given credit toward high school grades and graduation at the rate of one (1) high school credit for each three (3) semester hours of college credit. Unless approved by the school's principal, prior to enrolling for the course, the concurrent credit shall be applied toward the student’s graduation requirements as an elective.

Although the successful completion of a college-level course will earn one full unit of credit, it may not meet the graduation requirement. Students shall be required to cover all content as outlined in the Arkansas Frameworks for all courses in order to be eligible for a high school diploma. (example: Freshman Composition I and Freshman Composition II are both required in order to meet graduation requirements for Senior-level English).

Students are responsible for having the transcript for the concurrent credit course(s) they have taken sent to their school in order to receive credit for the course(s). Credit for concurrent credit courses will not be given until a transcript is received. Transcripts for students who take concurrent credit courses as partial fulfillment of the required full day of class for students in grades 9-12 are to be received by the school within five (5) school days of the end of the semester in which the course is taken. Students may not receive credit for the course(s) they took or the credit may be delayed if the transcripts are not received in time, or at all. This may jeopardize students’ eligibility for extracurricular activities, graduation, or promotion.

Students will retain credit applied toward a course required for high school graduation from a previously attended accredited public school.

Any and all costs of higher education courses taken for concurrent credit are the student’s responsibility.

**HOMEWORK (5:14)**
The Cabot Public School District recognizes homework as a beneficial extension of the instructional program. The term homework refers to school-related work that is assigned
to be completed by the student after regular instruction is completed. This may be accomplished during the remainder of a class period or at home. Assignments should fulfill the following purposes:

1. Develop independent study skills by stimulating effort, independence, responsibility, and self-direction
2. Gain maximum benefit from classroom instruction through prior preparation
3. Reinforce skills being taught in the classroom
4. Stimulate further interests in topics being taught in the classroom.

Teachers, parents, and students all have crucial responsibilities that must be fulfilled if homework and independent study activities are to advance the student’s education as intended.

The teacher must be certain that the homework and independent study activity assignments are clearly communicated, relevant to the learning objectives, and reasonable in length.

Parents should ensure that the student has an appropriate home environment for schoolwork, sufficient time without distractions, and appropriate supervision (depending on the age, maturity and responsibility level of the student).

Students must be certain that they understand the assignments, ask for help if they do not understand the assignments, and then make every effort to complete the assignments.

Occasionally, at the secondary level, a combination of some of the longer homework assignments from several teachers at one time may unavoidably result in more than the desired amount of homework for a student on one night. However, efforts will be made to minimize such occurrences through informal grade level communication.

At the beginning of the school year, students will receive and deliver to parents written communication from their teachers regarding homework expectations.

The types and length of homework assignments should vary according to the student’s level:

**Kindergarten:** minimal; as needed

**Grades 1-3:** This is the beginning of the expected practice of homework as a part of the educational program. Homework is assigned at the discretion of the teacher.

**Grades 4-6:** Assignments are given which, in the judgment of the teacher, will assist the student to learn and develop initiative and responsibility. Homework is a regular part of the educational program. With the student having multiple teachers in these grade levels, coordination between teachers is important.

**Junior High (7-8)**
• Homework is to be a well-established part of the student’s educational program
• Homework is to include routine assignments, review of classroom material, and preparation for specific academic and classroom subjects
• Homework is to provide opportunities for research and further development of initiative and responsibility.

Freshman Academy & High School (9-12)
• Homework is to be a fundamental part of the student’s educational program
• Homework is to include routine assignments, review of classroom material, and preparation for specific academic and classroom subjects.
• Homework is to expand the use of previously developed independent study skills for research and longer-term projects.

PROMOTION/RETENTION/COURSE CREDIT FOR K-12 SCHOOLS (5:12)
A disservice is done to students through social promotion and is prohibited by state law. The district shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student’s possible retention or required retaking of a course shall be included with the student’s grades sent home to each parent, legal guardian, person having lawful control of the student, or person standing in loco parentis, or the student, if eighteen (18) or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student’s academic success.

Promotion or retention of students or their required retaking of a course shall be primarily based on the following criteria:

Grades 9-12: Promotion will be based on earning credit for a course based on achieving a passing grade. Moving from one grade level to another will be based on the total number of credits accumulated. See the “Classification of Students” policy.

Grades 5-8: Promotion or retention of students shall be primarily based on their ability to succeed in the next grade. Promotion/retention decisions will be based on the academic performance. Performance indicators to be considered include, but are not limited to the following: grades; standardized assessments including Benchmark tests and nationally normed achievement tests.

Grades K-4: Promotion/retention decisions will be based on the developmental maturity of the student as well as their academic performance. Performance indicators may include, but are not limited to the student’s performance on district assessment data and IRI-Interventions done during the school year. When considering the developmental maturity level of the student some indicators to consider are as follows: attendance; birthday; health/wellness; emotional readiness; and social readiness.
If there is doubt concerning the promotion or retention of a student, or their required retaking of a course, a conference between the parents/guardians, teacher(s), other pertinent personnel, and principal shall be held before a final decision is made. The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student’s placement, the final decision to promote or retain shall rest with the principal or his/her designee.

Any student transferring into the district from a private, or home school be assessed will be assessed to determine appropriate placement.

Promotion/retention or graduation of students with an Individual Educational Plan (IEP) shall be based on their successful attainment of the goals set forth in their IEP.

Building principals are responsible for grade level placement of students. The principal will make the final decision on placement of students, grades K-8, after reviewing all relevant information.

In order for ninth (9th) grade students to be promoted to the high school, they should successfully complete two (2) semester units of English and two (2) semester units of math; and one (1) semester unit of science or social studies. Students in the second semester of their freshman year who fail a core class, may be scheduled into a credit recovery course.

**ACCELERATION POLICY**

**K-6**

The Cabot School District recognizes the need of educational alternatives for students who demonstrate advanced academic achievement. Acceleration is used to match high level academic ability and specific talent with optimal learning opportunities. The purposes of acceleration as a practice are 1) to adjust the pace of instruction to the student’s capability in order to develop a sound work ethic, 2) to provide an appropriate level of challenge in order to avoid the boredom from repetitious learning, and 3) to reduce the time period for students to complete traditional schooling (NAGC, 2008).

**Acceleration Pre-Referral Qualifications**

Prior to an acceleration referral, a student should demonstrate achievement and ability in the following areas.

- High academic performance in core content areas
• High intellectual ability on assessments administered through the gifted program

**Acceleration Referral**

A student may be referred for acceleration by a parent, administrator, counselor, teacher, or student. A written request stating the reason for the referral should be made to the building principal by May 1 in order for acceleration to be considered for the following school year.

**Acceleration Committee**

Once a referral for acceleration is made to the building principal, he/she will contact the Director of Gifted Programs and a committee will be formed. The committee will include the following:

• Director of Gifted/AP Programs
• Building Principal
• G/T Specialist
• Counselor
• Teachers

**Factors Considered by the Acceleration Committee**

In reaching a decision, committee members shall consider the following:

• Teacher Recommendation
• Academic Ability
• Learning Aptitude
• Educational Achievement
• Interpersonal and Emotional Maturity
• Developmental Factors
• Parental/Guardian Support

**Acceleration Procedures**

• Upon referral, student data will be collected and reviewed by the Director of Gifted/AP Programs. The district reserves the right to conduct further testing if warranted. Parents will sign a permission to test form prior to testing administered by the gifted program.

• Parents and teachers may be asked to fill out a rating scale on characteristics of giftedness.
• The counselor, G/T specialist, and/or Director of Gifted/AP Programs may consult with the student.

• Committee members will review records, grades, assessments, and written comments from parents and teachers.

• The committee will meet to discuss appropriate placement for the student. Parents of the student may request to address the committee members prior to the acceleration meeting.

• A decision will be made by the committee after review of the data collected. Committee decisions are subject to review by the Director of Gifted/AP Programs.

• Parents will be notified of the placement decision by the building principal within fourteen (14) days of the initial committee meeting.

• The placement decision may be appealed to the Director of Gifted Programs.

• When the decision is made to accelerate a student, an evaluation of the implementation will be conducted each quarter during the first year and will continue subsequent years if warranted.

7-12
Students in grades 7-12 may be eligible for subject-specific or entire-grade acceleration based upon completed coursework from an outside district, knowledge of course content, or performance in the classroom. In order to be considered for acceleration, a student will submit a letter of request to the counselor. Students may also seek to graduate in less than four years. In order, to graduate early, a student will submit a letter of request to the principal signed by parents/guardians prior to the final year of high school. The additional credits required for graduation must be provided through a program, fully accredited by the Division of Elementary and Secondary Education or the Southern Association of Colleges and Schools Council on Accreditation and School Improvement (SACS/CASI).

SPECIAL EDUCATION (4:49)
The district shall provide a free appropriate public education and necessary related services to all children with disabilities residing within the district as required under the Individuals With Disabilities Education Act (“IDEA”), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with
appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA. The 504 Coordinator for the District is the Director of Special Education and may be reached by telephone at 501-743-3543.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district’s obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities. The IDEA Coordinator for the Cabot School District is the Director of Special Education and may be reached by phone at 843-3363. Among the director’s responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

**PERMANENT RECORDS (4:38)**
Permanent school records, as required by the Division of Elementary and Secondary Education, shall be maintained for each student enrolled in the district until the student receives a high school diploma or its equivalent or is beyond the age of compulsory school attendance. A copy of the student’s permanent record shall be provided to the receiving school district within ten (10) school days after the date a request from the receiving school district is received.

**PRIVACY OF STUDENTS’ RECORDS AND DIRECTORY INFORMATION (4:13)**
Except when a court order regarding a student has been presented to the district to the contrary, all students’ education records are available for inspection and copying by the parents of any student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student’s records transfers to the student. A student’s parent or the student, if over the age of eighteen (18), requesting to review the student’s education records will be allowed to do so within no more than forty-five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student’s enrollment or transfer. The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The district shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information from the education records of each student. Disclosure of education records is authorized
by law to school officials with legitimate educational interests. A personal record kept by a school staff member is not considered an education record if it meets the following tests:

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker’s temporary substitute.

For the purposes of this policy, a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

The district discloses personally identifiable information from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release personally identifiable information in a health or safety emergency, the district may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the district determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Cabot School District does not distinguish between a custodial and non-custodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student’s records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person’s status as parent or guardian, alone, enables that parent or guardian to review and copy his child’s records.

If there exists a court order which directs that a parent not have access to a student or his/her records, the parent, guardian, person acting in loco parentis or an agent of the Department of Human Services, must present a file-marked copy of such order to the building principal.
and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student’s records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student’s file must be initiated with the building principal, with an appeal available to the superintendent or his designee. The challenge shall clearly identify the part of the student’s record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, directory information about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers or those students, as well as school publications such as annual yearbooks and graduation announcements. “Directory Information” includes, but is not limited to, a student’s name, address, telephone number, electronic mail address, photograph, date and place of birth, classes in which he/she is enrolled, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example—basketball, football or other and interscholastic activities) the publication of such information will be beyond the control of the district. Directory information also includes a student identification (ID) number, user ID, or other unique personal identifier used as a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student’s ID badge, provided the ID cannot be used to gain access to such personal identification number (PIN), password or other factor known or possessed only by the authorized user.

The form for objecting to making directory information available is located at each school’s office and must be completed and signed by the parent or age-eligible student and filed with the building principal’s office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed “opt out” form for any student no longer in attendance at the district.
The right to opt out of disclosure of directory information under FERPA does not prevent the District from disclosing or requiring a student to disclose the student’s name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of eighteen (18) who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202.

**Dropping and Changing Courses**

After two (2) weeks of a semester, students will not be allowed to change or drop courses, unless the course in question is a Pre-AP or AP course for which there is a general education equivalent. After four (4) weeks of a semester, students who drop a course will receive a failing grade for that semester which may affect eligibility in student organizations and/or extracurricular activities.

**Grade Point Average and Rank-In-Class Procedures (5:19)**

The student’s GPA will be determined by the grades received on credit classes (those classes in which a student earns a unit toward graduation). All credit classes attempted, will be counted in the GPA.

Point values for grades for Advanced Placement and all other courses for calculating GPA and class rank are as follows: (Act 1070 of 1991)

<table>

<tr>
<th>GRADING</th>
<th>REGULAR/ADV/PreAP</th>

In order to receive weighted credit for AP level courses, students must take both semesters of the AP course and take the appropriate AP exam. Weighting will be reduced to a 4.0 scale on the final transcript for students who do not take AP exams.

**Weighted Credit for Transfer Students** – Credit for Advanced Placement or International Baccalaureate courses shall be honored by the Cabot School District only if the district offers the opportunity for weighted credit in that same course.

GPA’s will be used to determine class rank with the exception of students with a modified curriculum. High school students who have taken Advanced Placement courses and whose GPA exceeds a 4.0 will have their GPA and class ranking figured on the number of credits.
required for graduation. This is to prevent students from being penalized for taking a larger number of credit classes. Any grade lower than an “A” must be included in the 22 ½ credits and all Advanced Placement grades will be counted in the 22 ½ credits.

Final class ranking will be computed on the basis of eight (8) semesters. Students will be advised on preliminary GPA and class ranking at the end of six (6) and seven (7) semesters.

To qualify for graduation speakers such as valedictorian or salutatorian, a student must have been enrolled at Cabot High School for three (3) of the last four (4) semesters beginning with the first semester of the junior year.

The senior(s) with the highest grade point average (GPA) after eight (8) semesters will be named Valedictorian(s). The senior(s) with the second highest GPA will be named Salutatorian(s).

For students graduating in less than eight (8) semesters, the preliminary GPA and class ranking will be at the end of the first semester of the senior year and final GPA and ranking will be at the time the graduation requirements are completed.

Grades will reflect academic achievement only. Parents who are concerned about helping their students to improve their school progress through better study habits may contact the guidance counselor, either by telephone or a scheduled personal visit.

**RETAKING A COURSE TO IMPROVE GPA**
Students may retake a course if dissatisfied with their grade in that course. (A regular course may be taken to replace the grade in an AP or Pre-AP course, but will not be weighted as an AP Grade.) In order to replace a grade, the course may be retaken in the regular school session, summer school or by correspondence. (Summer school classes are limited to students retaking failed classes. They are not intended for grade improvement.) If it is a higher grade, the grade on the retaken course will replace the grade on the transcript. Students retaking courses will be allowed to use the improvement grade to improve their overall GPA, but the replacement grade will not be used to qualify for honors such as valedictorian, salutatorian, academic letters or medallions.

**CORRESPONDENCE COURSES**
Students who take correspondence courses must take course work that adequately covers subject matter. All correspondence courses that are expected to count toward graduation must be pre-approved by the principal/designee. Students are limited to two (2) credits by correspondence.

**GRADUATION HONORS (4:20)**
Beginning with the class of 2020-2021, academic recognition will be given in three categories. Graduating with “Honors” will be the recognition for students who have earned a GPA of 3.5 – 3.75. Graduating with “High Honors” will be the recognition given for
students who have earned a GPA higher than a 3.75 and successfully completed one (1) additional AP/Concurrent Course beyond the required junior and senior English. Graduating with “Distinguished Honors” will the recognition given for students who have earned a GPA higher than 4.0 and successfully completed two (2) or more AP/Concurrent Courses beyond the required junior and senior English.

In order to qualify for graduation honors, students shall have no grade of D or F on their final transcript. Additionally, students may not have lost academic credit due to lack of attendance. Any course retaken for grade improvement, with the exception of Pre-AP Algebra I, must be the identical course (e.g. to improve a grade in Pre AP Biology, the student shall retake Pre AP Biology).

HONORS PROGRAM CURRICULUM (5:16.1)
Students graduating with “Honors,” “High Honors,” or “Distinguished Honors” must also complete the following Honors Program Curriculum.

1. Four (4) units of English, including junior and senior level Advanced Placement English, Advanced English or college level English
2. Four (4) units of Math, including Algebra I and II, Geometry, and either an advanced math course or a computer science course
3. Three (3) units of Science: Physical Science, Biology and Chemistry or Physics
4. Three (3) units of Social Studies: American History, World History, and Civics/Economics
5. One-half (1/2) unit of Physical Education
6. One-half (1/2) unit of Health
7. One-half (1/2) unit of Fine Arts
8. One-half (1/2) unit of Oral Communications
9. Two (2) units of the same foreign language
10. Four and one-half (4-1/2) units of electives

Total 22 ½ units

Students who accept placement into an advanced level course should be aware of the significant time commitment that they are making. Students should not over-commit to part-time jobs, and they should balance extracurricular activities, total obligations and responsibilities with time necessary to prepare for honors level course work. Students who must work many hours in part-time jobs or who have many other time commitments should seriously consider enrolling in regular level courses. A student enrolling in Cabot High School as a senior who did not have the opportunity to take and advanced level English course during their junior year may enroll in two advanced level courses during their senior year in order to qualify for honor graduate status (e.g. AP Language & Composition + AP Literature).

MINIMUM CORE CURRICULUM COURSES RECOMMENDED BY HIGHER EDUCATION
The recommended core of courses is designed to be a standards-based set of rigorous courses for students preparing for success in college. The first component designates the
core courses designed for unconditional admission to any public two (2) - or four (4)-year institution of higher education in Arkansas. The second component designates the core requirements for the Challenge Scholarship.

Component One: Core Curriculum for Unconditional Admission

English Four (4) units with emphasis on writing skills, not to include courses in oral communications, journalism, drama or debate.

Natural Science Three (3) units, with laboratories, chosen from Physical Science, Biology, Chemistry, or Physics. Only one (1) unit may come from a Life Science.

Mathematics Four (4) units, including Algebra I and II, Geometry, and an advanced math course. It is strongly recommended that students take a math course during their senior year.

Social Studies Three (3) units, including one (1) of American History (does not include Contemporary American History), one (1) of World History (not to include World Cultures, World Geography, Global Studies, or AP European History), and at least one-half (1/2) unit of Civics or Economics or American Government (not to include courses in practical arts).

ACADEMIC LETTERS
1. The academic letter will be awarded based upon the previous year’s record when a student has maintained a grade point average of 3.5 and no grade with a value point less than 3.0 for the year that the honor is awarded. State mandated regulations in regard to weighting grades in Advanced Placement classes will be followed when determining recipients of the award.
2. Eligibility for qualification will begin in the 9th grade.
3. Letters will be awarded only to students who are in attendance a full year’s grading cycle in Cabot.
4. The first (1) year to qualify, the student will receive a letter.
5. The second (2) year to qualify, the student will receive a bar to be put on the letter.
6. The third (3) year to qualify, the student will receive a bar to be put on the letter.

MEDALLIONS
The student will receive a medallion with a ribbon to be worn at graduation if he/she has the following: A 3.5 GPA or higher for each semester, grades 9-11 and the first semester of the 12th grade year; and no grade with a value point less than 3.0 for each semester in grades 9 – 11 and the first semester of the 12th grade year.

To receive a medallion, a student must be enrolled at Cabot High School for two (2) of the last three (3) semesters. Students who have replaced a grade in order to improve their GPA are not eligible for Medallion. (see section in handbook titled “Retaking a Course to Improve GPA”)

101
CLASSIFICATION OF STUDENTS
Students are classified according to the number of credits earned. The following is the classification scale:

- Freshman - School Board Requirements
- Sophomore – 5 credits earned
- Junior - 10 credits earned
- Senior – 15 credits earned

Note: Students who have 14.5 credits and who declare that they intend to graduate at the end of the current school year and are enrolled in enough classes to earn eight (8) credits will be pictured in the yearbook with the seniors.

EXTRACURRICULAR ACTIVITIES (5:22)

- Extracurricular activities shall not be a hindrance or interference to classroom instruction.
- Non-instructional activities will be scheduled evenly over the school day.
- Students shall abide by student organization constitutions, rules and guidelines.
- In order to participate in extracurricular activities, a student must have and maintain the grade or grade point average specified in the by-laws and/or constitution of the student’s activity/organization or pass the number of courses with grades as required by the Division of Elementary and Secondary Education as contained in Regulatory Bulletin 98-54, dated November, 1997. Copies of the above cited bulletin are available from the principals’ offices and from coaches.
- Absenteeism will affect participation. If a student is absent from school, participation in that day’s activity will be prohibited without prior approval of the principal. (Extracurricular activities include practice).
- Disciplinary action, such as In-School Suspension, Saturday class and suspension may affect a student’s future eligibility for participation in extracurricular activities, student groups and special school functions.
- After four (4) weeks of a semester, students who drop a course will receive a failing grade for that semester which may affect eligibility in student organizations and/or extracurricular activities.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

A student may participate in two (2) or more activities even though there are occasional scheduling conflicts, e.g. band and athletics, or cheerleading and Forensics. However, a student in grades 9-12 can only participate in one non-credit class during the school day (Act 675).

It shall be the responsibility of the teachers/sponsors to anticipate direct conflicts and agree on a plan which will permit the student to participate without penalty in the other activity. At the same time, students should be aware of the constitution that governs their actions in participating in extracurricular activities. When schedules conflict, and there is a way for
the student to participate in both activities, it is the responsibility of the student and/or parent to do so even at extra expense and/or sacrifice. If an academic extracurricular activity is involved, and the student chooses not to attend after it has been worked out for the student to attend both activities, the student’s grade in the academic class could be affected.

**NOTIFICATION OF RIGHTS UNDER THE FAMILY EDUCATION RIGHTS & PRIVACY ACT (5:26)**
The Family Education Rights and Privacy Act (FERPA) became a federal law in November, 1974. The intent of this law is to protect the accuracy and privacy of students’ educational records.

FERPA affords parents and students over eighteen (18) years of age (“eligible students”) certain rights with respect to the student’s educational records. They are:
1. The right to inspect and review the student’s education records.
2. The right to request the amendment of the student’s education records that the parent of eligible students believes are inaccurate or misleading.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. Upon request, the district discloses education records, without consent, to officials of another school district in which a student intends to enroll.
4. The right to file a complaint with the U. S. Department of Education concerning alleged failures of the district to comply with the requirements of FERPA.

A copy of the district’s guidelines for compliance with the Family Educational Rights and Privacy Act is available from your schools’ office.

**FREE TEXTBOOKS (4:41)**
Textbooks or instructional materials, if issued for a class, will be issued at no charge to the student.

If books are issued for a secondary school course, a classroom set of books will be provided at school so that students will not have to carry the core content books back and forth from home to school. This is an effort to reduce the weight and strain of the backpacks on students’ backs.

Students will be charged for lost or damaged books. Books are not to be written in except for the name label. Fines and charges must be paid before receiving a schedule for the next year.

**SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS (4.45B, 5:17)**
All students are required to participate in the Smart Core curriculum unless their parents/guardians or the students, if they are 18 years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, both a Smart Core Informed Consent Form and a Smart Core Waiver Form will be sent home with students prior to their enrolling in seventh grade, or when a 7-12 grade student enrolls in the district.
for the first time and there is not a signed form in the student’s permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the student’s permanent records. This policy is to be included in student handbooks for grades 6-12 and both students and parents must sign an acknowledgement that they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district’s students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district’s graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school’s annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school’s counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district’s students.

In the first year of this policy’s implementation, all employees required to be certified as a condition of their employment shall receive training regarding this policy so that they will be able to help successfully implement it. In subsequent years, administrators, or their designees, shall train newly hired employees, required to be certified as a condition of their employment, regarding this policy. The district’s annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of “eligible child” in Policy
4.2- ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

GRADUATION REQUIREMENTS
The number of credits students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of 22 units is required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the 22 units required for graduation by the Division of Elementary and Secondary Education, the Cabot School District requires ½ additional unit to graduate for a total of 22 ½ units. The additional half-unit will be earned in the 9th grade Keystone course.

Students who enroll in Cabot Public Schools after the completion of the 9th grade, from a district that did not offer the Keystone course, may substitute another elective for the Keystone requirement. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

Act 478 of 2017 requires the passing of a civics test identical to the civics portion of the US Citizenship test in order to receive a high school diploma. Beginning with the 2018-2019 school year, students may attempt the test as many times as is necessary to achieve a passing score.

Students shall be trained in quality psychomotor skills bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

Digital Learning Courses
