MOUNTAIN SPRINGS ELEMENTARY

Arkansas Comprehensive School Improvement Plan

2012-2013

Climbing to New Heights in Education at Mountain Springs Elementary, as we prepare students to become productive citizens, by meeting the academic, physical, social, and emotional needs for Every Child, in Every Classroom, Every Day. It's all about kids!

For the 2012/2013 school year we now have two years of student data for our building. This student data is used to determine our priorities and goals for student achievement and AYP. Previously -Mountain Springs Elementary was a newly established school for 2010/2011 in Cabot, Arkansas. With the opening of Mountain Springs Elementary, rezoning was required among the elementary schools. Mountain Springs Elementary drew a large amount of their student population from Magness Creek Elementary, Northside Elementary, and Eastside Elementary. For the purpose of reviewing student data, we pulled all data from the incoming schools and students to determine our priorities and goals for student achievement and AYP.-

Grade Span: K-4

Title I: Not Applicable

School Improvement:

Table of Contents

Priority 1: Mathematics

Goal: To improve students mathematics problem solving skills, while focusing on open-response, geometry, measurement, and data analysis.

Priority 2: Literacy

Goal: To improve literacy skills in the areas of comprehension with a focus on practical reading, as well as, writing skills across the curriculum with an emphasis on content.

Goal: To acquire and apply skills in phonemic awareness, phonics, vocabulary, comprehension, and fluency.

Goal: To apply a wide range of strategies as students write using the writing process appropriately and effectively.

Priority 3: Wellness

Goal: The school will offer opportunities for students and their families to educate themselves on healthy lifestyle choices to increase education of families and the community in the area of total wellness.

Priority 4: Parental Involvement

Goal: To provide opportunities for parental and community involvement. Mountain Springs Elementary will comply with the Parental Requirements as outlined in ACT 307, of 207.

Priority 1: To improve student's mathematics skills in problem solving and written explanation.

Supporting
Data:

1. The 4th grade CRT Math: In 2012, 95% of the combined population of students attending Mountain Springs Elementary scored proficient or advanced. In 2011, 98% of the combined populations of students attending Mountain Springs Elementary scored proficient or advanced. The scores reflect the data of our first year as a school. Due to rezoning, there was no 4th grade data for 2010.
2. The 3rd grade CRT Math: In 2012, 95% of the combined population of students attending Mountain Springs Elementary scored proficient or advanced. In 2011, 93% of the combined populations of students attending Mountain Springs Elementary scored proficient or advanced. The scores reflect the data of our first year as a school. The 3rd grade NRT Math: in 2010, 97% of the combined populations of students attending Mountain Springs Elementary from three elementaries within the district scored proficient or advanced. Areas of focus for our students will be geometry open response, as well as number and operations open response.
3. The 2nd grade NRT Math: In 2012, 69% of students scored at or above the national percentile ranking. In 2011, students scored 62% scored proficient or advanced. This data is based on the ITBS assessment and reflect scores from our first year as a school. The 2nd grade NRT Math: in 2010, 67% of the combined populations of students attending Mountain Springs Elementary from three elementaries within the district scored proficient or advanced. Areas of focus for our students will be geometry and measurement, as well as problem solving.
4. The 1st grade NRT Math: In 2012, 88% scored at or above the national percentile ranking. In 2011, students scored 62% proficient or advanced. This data is based on the ITBS assessment and reflect scores from our first year as a school. The 1st grade NRT Math: in 2010, 76% of the combined populations of students attending Mountain Springs Elementary from three elementaries within the district scored proficient or advanced. Areas of focus for our students will be estimation and problem solving.
5. Kindergarten students were not assessed in 2012. Kindergarten ITBS scores were not reported

due to a question of validity of the assessment. The Kindergarten NRT Math: in 2010, 82% of the combined populations of students attending Mountain Springs Elementary from three elementaries within the district scored proficient or advanced. Areas of focus for our students will be data and probability.

6. In 2012, the Targeted Achievement Gap Group of economically disadvantaged students scored 89.13% proficient or advanced in math on standardized testing.
7. The average daily attendance for Mountain Springs was 94% in 2012.

Goal To improve students mathematics problem solving skills, while focusing on open-response, geometry, measurement, and data analysis.

Benchmark In 2012-2013, the goal for Mountain Springs Elementary is to increase the combined population's tests results by 3%. Further, the Targeted Achievement Gap Group of economically disadvantaged students will increase by 6% in the area of math.

Intervention: Implement strategies for problem solving skills.

Priority 2: To improve literacy skills

1. The Fourth Grade CRT Literacy: In 2012, 96% of the combined population of students attending Mountain Springs Elementary School scored proficient or advanced. In 2011, 92% of the combined populations of students attending Mountain Springs Elementary scored proficient or advanced. The scores reflect the data taken from the school's first year. Due to rezoning, there was not 4th grade data for the 2010 school year.
2. The Third Grade CRT Literacy: In 2012, 95% of the combined population of students attending Mountain Springs Elementary School scored proficient or advanced. In 2011, 84% of the combined populations of students attending Mountain Springs Elementary scored proficient or advanced. The scores reflect the data taken from the school's first year. The Third Grade NRT Literacy: in 2010, 91% of the combined populations of students attending Mountain Springs Elementary from three elementaries within the district scored proficient or advanced. An area of focus for these students will be practical reading open response.
3. The Second grade NRT Literacy: In 2012, 77% of the combined population of students at Mountain Springs Elementary scored at or above the national percentile rank. In 2011, students scored 69% proficient or advanced in reading and 56% proficient or advanced in language. This data is based on the ITBS assessment and reflect scores from our first year as a school. The Second Grade NRT Literacy: in 2010, 80% of the combined populations of students attending Mountain Springs Elementary from three elementaries within the district scored proficient or advanced. An area of focus for these students will be informational reading comprehension.
4. The First Grade NRT Literacy: In 2012, 83% of the combined population of students at Mountain Springs Elementary scored at or above the national percentile rank. In 2011, students scored 72% proficient or advanced in reading and 88% proficient or advanced in language. This data is based on the ITBS assessment and reflect scores from our first year as a school. The First Grade NRT Literacy: in 2010, 76% of the combined populations of students attending Mountain Springs Elementary from three elementaries within the district scored proficient or advanced. An area of focus for these students will be functional reading comprehension.
5. In 2012, Kindergarten students did not participate in the state assessment. Kindergarten ITBS scores were not reported due to questions about the validity of the assessment. The Kindergarten NRT Literacy: in 2010, 77% of the combined populations of students attending Mountain Springs Elementary from three elementaries within the district scored proficient or advanced. Areas of focus for these students will be word reading and phonemic awareness.
6. The average daily attendance for Mountain Springs is 94%.

Supporting Data:

Goal To improve literacy skills in the areas of comprehension with a focus on practical reading, as well as, writing skills across the curriculum with an emphasis on content.

Benchmark In 2012-2013, the goal of Mountain Springs Elementary is to improve the combined population's test results by 3%.

Intervention: Comprehension instruction will emphasize monitoring comprehension using graphic and semantic organizers, answering questions, generating questions, recognizing story structure, summarizing, making use of prior knowledge, and using mental imagery.

Scientific Based Research: Donald N. Langenberg P.h.D., National Reading Panel Report (2000), Stephanie Harvey-Strategies at Work (2008)

Actions	Person Responsible	Timeline	Resources	Source of Funds
Each teacher in grades K-4 will utilize the explicit teaching procedure for comprehension instruction in literacy and core curriculum classes. Whole group instruction and small group instruction will be utilized by lesson plan and observation. Action Type: Alignment Action Type: Equity	Mandy Watkins, Amy Vailes, Amy Adams, Jill Geran, Sarah Lum, Jessica Sharp, Kim Rowe	Start: 07/01/2012 End: 06/30/2013	<ul style="list-style-type: none"> Administrative Staff Teachers Teaching Aids 	ACTION BUDGET: \$

The instructional leader will monitor the level of implementation in classrooms according to the observation protocol and/or classroom walk throughs. The instructional leader will confer with the teacher to discuss the level of implementation. All teachers should be certified and highly qualified, which is evidenced by classroom walk throughs. Action Type: Collaboration Action Type: Program Evaluation	Mandy Watkins, Amy Vailes	Start: 07/01/2012 End: 06/30/2013	<ul style="list-style-type: none"> Administrative Staff Teachers 	ACTION BUDGET: \$
All students will participate in writing instruction. This includes teacher explanation and modeling of all writing skills, followed by guided practice and independent practice. Additional practice may be integrated in literacy centers and available technology. All students identified as not meeting the expectation for success will receive additional writing instruction in small groups. These interventions will be listed on the students' AIP. This will be evidenced with classroom observations, assessments, and student/teacher conferences until the expectation is met. Priority 3: To improve the health and academic performance of our students through nutrition education and physical fitness activities.

Supporting Data: 1. 95% of the combined population of Kindergarten, Second, and Fourth grade students participated in the BMI screenings during the 2011-2012 school year.

Goal The school will offer opportunities for students and their families to educate themselves on healthy lifestyle choices to increase education of families and the community in the area of total wellness.

Benchmark During the 2012-2013 school year, the average of School Health Index Module 8 scores will increase by 25%.

Intervention: The school will implement practices to encourage students to make healthy lifestyle choices.

Priority 4:	To provide opportunities for parental and community involvement throughout the school year.
Supporting Data:	<ol style="list-style-type: none"> In the Fall of 2011, 99% of the parents participated in the Parent Teacher Conferences. In the Spring of 2012, 98% of the Mountain Springs parents attended Parent Teacher Conferences. When surveyed in regards to specific interest for Mountain Springs parents, 19% responded to the survey in ways they would like to be more involved. During the 2011-2012 school year, the average daily attendance of students was 94%.
Goal	To provide opportunities for parental and community involvement. Mountain Springs Elementary will comply with the Parental Requirements as outlined in ACT 307, of 207.
Benchmark	The 2012-2013 goal is to collect data for parental attendance at conferences, PTO meetings, Watch Dog Dads, and other school functions as reflected on the sign in sheets as the baseline data.

Intervention: Implement a parent and community involvement plan to increase student success in all areas and provide support for their families.				
Scientific Based Research: Henderson, A.T. and Berla N. (Ed.)(1994). A New Generation of Evidence: The Family is Critical to Student Achievement. Washington D.C. Center of Law and Education. Jordan., Orozco, E. and Averett, A. (2001).
