Pre-AP Pilot Program

- CFA is among four schools in Arkansas to be asked to join the College Board Pre-AP program and is one of only about 100 hundred schools in the nation selected to pilot the new Pre-AP initiative. The second cohort of the Pre-AP program, which will launch Fall 2019, offers instructional resources, classroom-based assessments, high-quality professional learning, and focused practice for schools that earn an official Pre-AP designation from the College Board. In order to receive the designation, schools must agree to:
 - Align instruction to the course frameworks;
 - Give students the digital assessments provided by College Board;
 - Take part in professional training; and
 - Offer the course with open access.
- For the 2019-2021 school years, CFA will be a part of the 2nd Cohort of the Pre-AP Pilot Program by College Board. We will be offering the brand new Pre-AP [English I](#) and [Algebra I](#) courses to all on-grade-level students at CFA.

Elective Courses at CFA

Students will have two elective courses.

On your purple registration form in the # column, write 1, 2, 3, or 4 to indicate your desired electives in order of preference. This is VERY important!

We do not guarantee you will receive your first and second elective choice although we do our best to try and get you the first choice, so be sure to make your most desired elective #1!
