Alternative Methods of Instruction

Name: _____ Date: _____

1st Grade AMI Work #3

Your child will have 5 days to complete and return this to his/her teacher to get credit for the day. If you need more time, please let the teacher know.

Please read the following passage with a parent/guardian and complete the activity below.

From Morning to Night

It is morning. It is time for a new day to begin. The morning sun appears. It slowly brightens the sky.

It is noon. It is the middle of the day. The sun is high in the sky. The sunlight is bright.

It is evening. The sunlight becomes less bright. The sun is moving lower in the sky. The sky may change to a reddish color.

It is night. The sun is gone from the sky. The sky is dark without sunlight. The moon and the stars shine in the night sky. Tomorrow a new day will begin again. © 2013 ReadWorks®

Draw a model of the sun and its positions in the sky from morning to night.

What do you like best: morning, noon, evening, or night?

I like _____ best because _____

Math

Count to 100 by ones, fives, and tens. _____ Parent Initial

Solve: I had 42 on the table in tens and ones blocks.

My teacher added some tens and now I have 62.

What did she add?

Draw a picture and write an equation to show how you solved it.

$$15 + \underline{\quad} = 20 \quad 12 + 3 = \underline{\quad} \quad 10 - \underline{\quad} = 7 \quad 11 - \underline{\quad} = 4 \quad 11 + 6 = \underline{\quad} \quad 20 - 14 = \underline{\quad} \quad 8 + 8 = \underline{\quad}$$

Music

Ask your mom or dad about their favorite song. What is the name of the song?

Ask them to play the song for you.
