Community Life

What is a community? It is a group of people. They live near one another. They work and play near one another too. The place they live in can be a city or a town. People work in a community. They can help one another.

People have different jobs. There are teachers and firefighters. Some people are police officers. Some people are doctors. Some people deliver mail. Some people work in stores.

Kids have jobs too. They go to school to learn. What do you like about your community?
