Alternative Methods of Instruction

Name: _____ Date: _____

1st Grade AMI Work #8

Your child will have 5 days to complete and return this to his/her teacher to get credit for the day. If you need more time, please let the teacher know.

Creature Features: What can we discover about animals' unique features?

Please read the following passage again with a parent/guardian and complete the activity below.

Photo Credit: Shah Jahan

An Owl is a Bird

An owl is a kind of bird. It hunts for other animals to eat. It likes to hunt at night.

Some parts of an owl's body help it hunt. An owl has big eyes. It can see well in the dark. An owl's wings have soft feathers. They let an owl fly quietly. An owl can turn its head almost all the way around. That helps it find animals. An owl has sharp claws. They help the owl catch small animals. An owl has a strong beak. The beak helps it carry its food.

Complete the following chart, using writing or drawings, to identify: what owls are, what features owls have, and what owls can do.

Owl Features		
Owls are...	Owls have...	Owls can...

MATH: Write the sum of the double's below.

“Counting’s slow and too much trouble, adding’s faster when you double!”

1.  +  = 

6.  +  = 

2.  +  = 

7.  +  = 

3.  +  = 

8.  +  = 

Writing:

Write a list of places you would visit if you were an owl!

Fine Arts: **YouTube-The Owl Song | Fun Educational Songs for Big Kids, Preschoolers and Toddlers**

Sing along with the owl song. If you don't have access to the song, make up your own song about an owl.
